**Price** \_\_\_\_\_ **Brand of replaced (old) clothes washer** \_\_\_\_\_  
(Where applicable)

**Additional information to be completed on back side of this form.**

The City of Rapid City will rebate \$125 toward the purchase of an approved high-efficiency clothes washer for any **single-family residential** Rapid City utility customer. **Applicant must have a utility account with the City of Rapid City in his/her name.**

**Attach a copy of your receipt(s) with this application form.** The rebate is subject to an inspection by City officials to confirm compliance. The City will provide rebates for washers in new construction or replacement of existing inefficient clothes washers. Limit of one rebate per utility customer.

Free water conservation devices and information are available from the Public Works Water Division. The City of Rapid City encourages you to participate in further water savings measures in the home by using flow restrictors, aerators, and efficient showerheads. These devices produce no reduction in performance and help to save water. (Construction and installations after 1992 should meet the lower flow standards and therefore require no changes.)

All rebates are provided on a FIRST COME, FIRST-SERVED basis, subject to availability of funding.

For more information or for questions call the Water Division at 394-4162 or visit our website at [www.rcgov.org](http://www.rcgov.org)

**AGREEMENT**

In order to receive the rebate, the customer/property owner agrees to the following conditions:

1. I agree to maintain the device(s) installed so that they operate properly and I will not alter them in any way to defeat the intended goal of water conservation.
2. I agree to an inspection visit for confirmation that the devices are properly installed and in operational condition before I can receive my rebate.
3. I agree to dispense with the replaced appliance (if necessary) in a manner that is environmentally sound.

**QUESTIONNAIRE**

1. How many persons in household? \_\_\_\_\_
2. How did you learn about the water conservation rebate program? (*circle*)  
Bill Insert    Retailer/Plumber    TV/Networks    Newspaper    Internet Channel 16    Other
3. Would you participate in future conservation programs? Y N
4. I would be interested in the following conservation programs: (*check all that would apply*)
  - Sprinkler system audit (The City inspects system and makes recommendations to reduce water waste)
  - Automatic sprinkler system interrupter (Rain sensor or soil moisture sensor interrupts program when moisture not required)
  - Water-efficient landscaping practices and plants (xeriscaping)
  - Soaker hoses
  - Rain barrels/rain harvesting (collection of rain to use for watering plants and other non-potable uses)
  - Seminars and presentations
  - Child education programs
  - Other \_\_\_\_\_
5. Which statement most accurately reflects your decision to purchase a High Efficiency Clothes Washer? (*check one*)
  - I would have purchased this washer even without the rebate.
  - I wanted to buy this washer, but without the rebate I would have chosen a less-expensive model.
  - I am concerned about conserving water even though my old washer worked fine.
  - I wanted to save money with the efficiency this washer will provide.
6. I am buying a new clothes washer because: (*check only one*)
  - I needed to replace my malfunctioning old washer anyway.
  - I am purchasing a new clothes washer for the first time.
