TO: Parking Advisory Board  
FROM: Anna Gilligan  
SUBJECT: Administrative Hearings for January 7 Parking Advisory Board Meeting  
DATE: 1/7/25

The following citizens have requested Administrative Hearings for parking citations:

Citation: H02336  
Name: Logan Merriam  
Date: 10/18/24  
Location: 207 E. Saint Joseph St  
Violation: ADA Zone Violation

Citizen's reason for appeal: "Vehicle was left with hazards on for less than 5 minutes to help someone move in. Residence administrators said it was allowed, and the officer falsely stated how long he waited for the owner to return to the car."

Reason for upholding citation: "ADA spaces cannot be used as loading zones. This is only for use by someone with an ADA placard or plate."

Note: Hearing request cited: "This citation was written on university property, the time of offense was no more than 10 minutes, proper steps were taken to signal temporary parking and the university staff informed me that parking in the spot was legal as long as I had my hazard lights on, and I would not be parked for more than half an hour."
