To whom it may concern at City Hall Rapid City:

I just want to say I support the project study & hopefully implementation of the under road/over walk from Memorial Park to downtown at Omaha St. Two days in a row myself & a guest from Hawaii were nearly hit by vehicles while crossing with the walk light at Omaha Street. I feel that the safety factor is top of the list, and the beautification/recreational factor would be enjoyed by tourests & locals alike.

P.S. Can we get the clock across the street working again?
