Agenda Item: end of garden lane

Comment:

the property on the east end of garden lane is up to be rezoned to MDR, the concern of the residents of Garden Lane is the potential access to the property via garden lane. Garden Lane is not a recognized street by the city, it has seen NO upkeep since being annexed into the city limits and is rapidly disintegrating, add to this the fact that the right of way is only 16 feet wide on the eastern end providing a severe choke point. we the residents of Garden Lane only wish that the present end of the street (Garden Lane) be kept a dead end with no tie ins to the property to the east being rezoned.
