Re: 2023 CIP Request

Motion: Move to approve submission of a 2023 Capital Improvement Project (CIP) funding request in the amount of \$160,500.

Maintenance and repair projects: Per the library replacement schedule, the membrane roof on the second floor children's area is due for replacement. The roof had a 20-year life expectancy when installed.

2023	\$160,500	Roof replacement to the building's second floor is due for replacement in 2022. The roof was originally installed in 2001-2002 when the new addition to the library was built, and was warranted for a 20-year life expectancy. Replacement for wear purposes.
