Planning Commission Criteria and Findings for Approval or Denial	
Pursuant to Section 17.54.040.D of the Rapid City Municipal Code the Planning Commission shall consider the following criteria for a request to Rezone:	
Criteria	Findings
1. The proposed amendments shall be necessary because of substantially changed or changing conditions of the area and districts affected, or in the city generally.	An annexation petition for the property (18AN003) is being requested simultaneously. All annexed lands are temporarily designated as a No Use Zoning District. The annexation of the property constitutes the changing condition requiring rezoning of the property.
2. The proposed amendments shall be consistent with the intent and purposes of this title.	The purpose of the Low Density Residential District II is to provide for a slightly higher population density, but with basic restrictions similar to Low Density Residential I District. The Development Review team concluded that the proposed Low Density Residential District II reflects the Urban Neighborhood designation identified in the Future Land Use Plan for this property.
3. The proposed amendment shall not adversely affect any other part of the city, nor shall any direct or indirect adverse effects result from the amendment.	The proposed rezoning request is consistent with surrounding land uses. Property to the north is zoned Low Density Residential District II. The property to the south is zoned Limited Agriculture in Pennington County. Property to the west is zoned General Agricultural District in Rapid City. Property to the east is being requested for rezoning from General Agricultural District to Low Density Residential District II.

4. The proposed amendments shall be consistent with and not in conflict with the development plan of Rapid City including any of its elements, major road plan, land use plan, community facilities plan and others.	Access to the property is from East Minnesota Street, a minor arterial street on the Major Street Plan, and Pahlmeyer Drive, a local street. The Major Street Plan identifies a proposed minor arterial Street. This rezoning request is consistent with the Comprehensive Plan, <i>Plan Rapid City</i> , and the Future Land Use Plan designation of Urban Neighborhood.
