I would like to serve in the indicated position(s) because:: Having been involved with the Rapid City Regional Airport for 20+ years, including my first term as a member of the Board, I have acquired a level of knowledge pertaining to both current and historical situations that has been instrumental in fulfilling the responsibilities of a board member as well as helping develop long range strategic goals for the airport.

There are specific challenges currently facing the Airport that would benefit from leadership continuity. The current Board is rather fresh and developed relationships, coupled with tribal knowledge, will play a crucial role in resolution of these concerns.

I have a sincere interest in leveraging my skills, experience, and knowledge to the benefit of the Rapid City community, and my passion for aviation makes the Airport an obvious choice.

I would like to serve in the indicated position(s) because:: I do a lot to air travel. Believe we have an amazing airport and would like to be part of increasing the destinations they RC offers. I often fly out of Chadron NE and notice the number of license plates from RC that are in the parking lot. How can we get those flyers, including myself to use RC.
