COORDINATED PUBLIC TRANSIT-HUMAN SERVICES TRANSPORTATION PLAN

PROJECT INTRODUCTION

The Rapid City Area Metropolitan Planning Organization, or MPO, is developing the next Coordinated Public Transit-Human Services Transportation Plan as a means to identify and prioritize coordination strategies that will improve the efficiency of public transit, paratransit services, and human services transportation programs.

Come see our booth at the Pumpkin Fest on Saturday, September 29th, to take our survey on public transit needs in the Rapid City Region!

HOW CAN YOU GET INVOLVED?

We are seeking participation from the public and regional stakeholders to help identify transportation service gaps and duplicate services in the Rapid City area, and to create improved transportation coordination. The information provided will assist the MPO in identifying strategies that encourage more efficient use of available service providers to bring enhanced mobility to the region's seniors, low income families, veterans, and individuals with disabilities.
