**ADOPTION OF AGENDA**

Motion was made by Salamun, second by Laurenti and carried to adopt the agenda.

**AWARDS AND RECOGNITIONS**

Loyann Kistler was recognized for 35 years of service. Chief Jegeris thanked Loyann for her years of service and dedication to the City of Rapid City.

Mayor Allender called a moment of personal privilege. He recognized Grace Mickelson. He said she was a long-time Rapid City resident and had quite a life of service. She was appointed to the South Dakota Senate in 1972. At that time, she was the second woman to be elected in the state of South Dakota. She retired as a teacher from Douglas High School. She held many offices in Rapid City and also served six former Mayors while on many council committees. Mayor asked the audience to join him in a round of applause for Grace.

**NON-PUBLIC HEARING ITEMS** -- Items 2 – 28

Hani Shafai, Dream Design, addressed the council on item 12 (PW091118-11). He is representing Johnson Ranch Subdivision. There are two drainage basins that have been adopted by the city and named Tributary Drainage Basin Plan which was adopted in 1991. It defines South Valley Drive as the boundary for the drainage basin. The state has built Elk Vale and culverts under that road to handle the flows in accordance with that adopted plan. The city criteria, section 4.1-2 and 4.1-5 relate to this topic. The 4.1-2 basically states that any design of any developments shall conform to an adopted drainage basin plan. They were designing according to the unnamed tributary when they discovered some discrepancies, due to flows coming in from the adjacent boundary of the adjacent drainage basin. The flows far exceed the capacity the culverts underneath Elk Vale Road. He said there was a contract handed out to council with FMG and he has some issues; any additional cost associated with the additional flow coming in from Perrine, should be considered oversize cost; the design plan that is proposed as Phase 1 from FMG, and being the basis for this proposed amendment, diverts flow from across Valley Drive near Homestead Street into their property, that is in violation of federal and state law; the drainage basin plan has being proposed does not go all the way to the creek. The city will end up having a second amendment and that endangers approximately more than 200 homes, most of them are mobile home park units that might end up being washed into the creek if the drainage plan does not extend all the way to Rapid Creek; Getting the property owners input to make sure the drainage plan is consistent with their plans for their properties.

END OF CONSENT ITEMS

Mayor read in item (PW112718-01) Authorize Mayor and Finance Officer to Sign an Agreement Between the City of Rapid City and the City of Summerset for a Feasibility Study to Evaluate the Provision of Sanitary Sewer Service, Project No. 18-2464 / CIP No. 51208. In response to a question from Salamun, Tech said as the city of Summerset was working on their most recent utility master plan, they reached out to the surrounding communities and utility providers to let them know that they were working on this. They approached the city about possibly sending their wastewater flows to us. As far as any pipes, we don't know and that's why the city is doing this study. The city needs to determine if this is a good plan. Motion was made by Scott, second by Nordstrom and carried to approve.

Mayor read in item (PW112718-05) Authorize Mayor and Finance Officer to Sign Professional Services Amendment #1 Between the City of Rapid City and HDR Engineering, Inc. for Sheridan Lake Road Traffic Study – Alberta Drive to Corral Drive, Project No. 17-2373 / CIP No. 51122 in the Amount of \$15,795.00. Motion was made by Salamun, second by Nordstrom to approve. In response to a question from Salamun, Tech said this project is going through the MPO so part of the bill is paid through federal planning dollars; the county, city of Box Elder, other entities have the ability to access those funds and are eligible for those funds as well. The study benefits the citizens of Rapid City and Pennington County and any other user of Sheridan Lake Road. Salamun is in favor of the study and wants Sheridan Lake to be improved. Motion carried.

Mayor read in item (PW091118-11) Authorize Mayor and Finance Office to Sign an Agreement between the City of Rapid City and FMG Engineering for Professional Engineering Services for Perrine and

Unnamed Tributary Drainage Basin Design Plans (DBDPs) Amendment – Phase 2, Project No. 18-2430 / CIP No. 51189.2, in the amount of \$146,196.00. Modrick asked Tech about Mr. Shafai's four points of concerns. Tech said the work that has been done so far, as far as Phase 1 is concerned, was only to identify where the water is coming from and how much. That is why Public Works is asking that Phase 2 be approved by Council and that will get into more of the details of how that water is managed. Tech said the city has met with Mr. Shafai. He requested the city look at an alternative and the city has looked at it. It looks like a reasonable alternative that will be analyzed and more than likely be implemented. The city is taking the concerns of Mr. Shafai under part of this contract. As far as any of the funding, that is outside of the scope of the contract in front of council. Modrick asked Tech if this is seen as a correction that won't affect the property. Tech said he sees this as some things being done over 30 years ago, by Pennington County, that the city had no involvement in. It wasn't probably done correctly and that's why we are here today is to try and get it done correctly. Modrick asked Tech about Shafai's statement about natural drainage concerns of Valley Drive and Homestead. Tech said that will evolve through the next phase of this plan. Tech stated he has met with Mr. Shafai and his group and will listen to anyone else who has concerns. Motion was made by Scott, second by Drury and passed 8-1 with Modrick voting no.

Roberts left the meeting at 6:53 p.m.
