WHEN BIDDING IS REQUIRED

Bidding is required of any local government entity when a purchase or contract equal to or exceeding \$25,000 is anticipated. This applies to contracts for the purchase, lease or rental of materials, supplies or equipment. If the contract is for the construction of public improvement, which involves the expenditure of a sum equal to or in excess of \$25,000; then advertisement for bids is required. (SDCL 5-18-2, 5-18-3).

(SDCL 5-18-18) Exemptions from Bidding -

- a) Purchase of utility services;
- b) Purchase of materials, supplies or equipment from the United State or its agencies, including purchases of federal surplus property;
- c) Equipment repair contracts;
- d) Purchase of surplus property from another public corporation;
- e) Purchase from the lowest bidder of an item contained on the state price list;
- f) Purchase from lowest bidder of an item competitively bid by another local government or by itself within the previous 12 months (documentation of such purchases is to be made in the entity's minutes and retained on file). A governing entity may not utilize the bid of another entity if the original bid specification included a trade-in allowance. If one entity accepts a bid net of trade-in allowances, another entity may not contract with the successful bidder by utilizing the 'original bid amount' for a cash outright purchase.
