**Agenda Title:**

Authorize Mayor and Finance Officer to sign the Professional Services Agreement with HDR for Engineering Services for Feasibility Study to Evaluate Rapid City Providing Sanitary Sewer Service to Summerset, Project No.18-2464 / CIP No. 51208 in the amount of \$59,930.00.

**Summary:**

As a part of the ongoing Wastewater Utility System Master Plan Update, the City reached out to surrounding sewer service providers to inquire if connection to the City's sanitary sewer system could be a potential in the future. Upon contacting the City of Summerset, the City of Summerset expressed a near term desire to connect the Rapid City sanitary sewer system due to significant capital improvements needed at the Summerset wastewater treatment plant. Both Cities see a potential benefit to Rapid City providing sewer service to Summerset by providing collection and treatment at one facility. This Study is to evaluate the technical and economic impacts of Rapid City providing sanitary sewer service to Summerset. An agreement between Rapid City and Summerset for this study was authorized by City Council on December 3, 2018. This Agreement is for Professional Engineering Services for the Study.
