

REGISTRATION POLICY

~~July 9, 2018~~ April 8, 2019

Resident library cards for Rapid City and Pennington County residents are valid for two years from date of issue. Computer access accounts and institutional cards are valid for one year from date of issue. Cards for non-residents are valid for the term purchased (up to one year). If the contract for county services terminates, county residents will be notified that their cards will expire on the date of the contract termination.

Cardholders are liable for materials checked out to their card; the card should not be loaned to others, and if lost or stolen, the cardholder should report that loss to library staff as soon as possible. If desired, cardholders may designate one authorized user for their account. The authorized user is permitted to check out items on behalf of the cardholder; however, the cardholder is liable for materials checked out by their designated authorized user.

Resident library cards are available to individuals who provide proof of a physical residence in Rapid City or Pennington County. Proof includes documentation that one resides at, owns or rents property in the city or county, or that one receives mail, at no cost, at a local agency that assists individuals who are homeless or living in transitional housing. Patrons residing at locations generally known to be temporary physical residences may receive a resident card by providing proof of their residence lasting 180 days or longer within an annual period; or, they may purchase a non-resident card, and may be eligible for a refund after providing proof of their residence lasting 180 days or longer. Post Office boxes, personal mailbox services and commercial mail service addresses may be used as a mailing address but do not constitute verification of a physical address.

A photograph will be taken at the time of registration; such photos are confidential, as is all patron registration information. Inclusion of the photos will:

1. Help prevent the use of lost or stolen library cards;
2. Assist staff in identifying and serving patrons who have forgotten their cards;
3. Aid location of patrons in case of an emergency.
