ADMINISTRATIVE REPORTS

Director’s Report:
Davis spoke about the potential challenges with the 2020 budget and discussions with the Literacy Council including issues that organization is facing. The 2020 library budget that will be brought to the board in October or November will be quite different from the one that was presented in March. Davis indicated that library districts are an option that is being investigated for a possible 5-year plan. In response, Modrick stated that the current 3-year projections show that city-wide revenue is not expected to improve, but that the library should be recognized for its role with early childhood and continuing education.

Bice asked how changes to renewals and fines on children’s materials were proceeding. Davis responded that the fines removal has been well received for the most part, but that there has been some pushback on automatic renewals, primarily due to misinformation regarding holds.

Bice asked how changes to the behavior policy restricting tobacco and vaping at the library were going. Per Davis, this is going smoothly and people have been compliant with requests to move smoking elsewhere.

Garrigan asked if notices are still going out for children’s materials. Yes, they get the same notices that they have received in the past.

Motion by Modrick, second by Matthews to acknowledge the director’s report as presented; no further discussion; motion carried unanimously.

Strategic Plan Update:
Sean Minkel provided an update on the strategic plan with the main areas of progress being: no fines on children’s materials; procedural cleanup progress for staff ease of use & consistency; vinyl cutting & laser engraving seeing use; and the ongoing job skills series.
