ADMINISTRATIVE REPORTS
Director’s Report:
Davis spoke about the Summer Reading kickoff, including the various activities still available for children upstairs. The library was attended by approximately 1,800 people for Summer Reading Kickoff Day. Garrigan and Jones commented that the event was going well when they were here, that lines were handled better than previously and it was generally an amazing event.

Davis also reported on the successful launch for automatic notices on June 1, the ongoing reciprocal lending trial with Sturgis Public Library, and upcoming training for board members in August. If attended by board members, the Branch Out sessions would help the library to meet requirements for state accreditation. In response to questions from Garrigan and Jones, the library needs 2 to 3 more hours of training and board members can choose sessions that interest them, and do not need to attend the whole day. Davis will send out more information as the date approaches.

The building has been struck by a couple of vehicles in the last month; once on the south wall and once by a tall vehicle that scraped the ceiling in the covered garage. Driver’s insurance should cover the damage to the covered garage.
Lastly, Davis reported that she may be on jury duty in July.

Lloyd LaCroix asked if the roof leaks in the report were due to hail damage. Davis responded that the most recent issues are due to drainage being overwhelmed by the amount of rain, but the roof is being inspected by the city to determine if hail was a factor. If the leaks are due to hail damage, insurance would cover it.

Motion by Jones, second by Judy Sneller to acknowledge the director’s report as presented; no further discussion; motion carried unanimously.

POLICY COMMITTEE

ITEMS FROM BOARD MEMBERS / LIAISON REPORTS

City Council Liaison: Modrick reported that the council approved a facilities manager position for the city administration building. Eventually this position may coordinate maintenance for all city buildings, which should help with scheduling some of the repair needs. Budget review will be moving forward quickly; Modrick encouraged library management and board members to attend council meetings during the budget discussions.

County Liaison: LaCroix reported that the county will work on their budget in July. The expansion of the jail, booking area, and new kitchen is under way to keep up with the number of people coming in. They are also working on prevention to keep people out of jail with a restorative justice grant. The care campus is open and the treatment center is planned for completion in October or November. He also commented that the campus is equipped to educate people on mental health and alcohol issues in the community. Davis indicated that the four county libraries have been asked to speak to the county commissioners in July.

Foundation: Sneller reported that the endowment is about $900,000 and the foundation is kicking off a campaign to raise another $100,000. They will hire someone to coordinate the fund raising activities.

Friends: Sean Minkel reported that the Friends of the Library have begun planning for their October sale and that the new aquarium, funded by the Friends, will likely start to go up in July.

ADJOURN
Motion by Jones, second by Matthews to adjourn at 12:32 p.m.; no further discussion; motion carried unanimously.
