- B. Overtime shall not be paid twice for the same hours nor shall there be a duplication or pyramiding of premium pay. Work outside the employee's normal schedule will not be allowed without the approval of the Fire Chief or his designated representative;

All full-time regular employees shall accrue annual leave as shown below. Part-time benefited employees shall accrue prorated annual leave based on the number of hours budgeted for the position.

Length of Employment	Accrual Rate/Pay Period	
	Biweekly	Monthly
Date of hire to completion of 4 years continuous employment	3.08	6.67
After completion of 4 years to completion of 13 years continuous employment	4.62	10.00
After completion of 13 years continuous employment	6.15	13.33

No annual leave can be taken until after the employee has reached their first January 1st of employment with the City.

10.02 Fifty-six Hour Week Employees:

Due to the varying number of actual on duty hours for those personnel on 24-hour shift schedule (a 14-day period varying from 96 to 120 hours, depending on cycle and/or day starting annual leave period), annual leave will be specified in terms of shifts rather than days or weeks in computing authorized annual leave time. Therefore, personnel in this category will receive annual leave periods as follows:

- A. For each complete month of service prior to the first January following the employment date, each employee will accrue 10 hours per month. Employees are not allowed to take annual leave until after their first January 1st has passed.
- B. Commencing with the second January 1st following his date of hire, and continuing each January 1st through the fourth January 1st, each employee shall be granted five (5) shifts (120 hours), or ten (10) hours per month (2 week equivalent) of leave;
- C. Commencing with the fifth January 1st following his date of employment, each employee shall be granted seven (7) shifts (168 hours), or fourteen (14) hours per month (3 week equivalent) of leave;
- D. Commencing with the fourteenth January 1st following his date of hire, each employee shall be granted nine (9) shifts (216 hours), or eighteen (18) hours per month (4 weeks equivalent) of leave;
- E. Annual leave time will be taken during the calendar year immediately following the year that the annual leave was accrued.

10.03 Rights in Scheduling Annual Leave

Due to the Fire Department's continuous operations and need to maintain a minimum staffing level, the department retains the right to schedule employees' annual leave throughout the year and to limit the number and classification of personnel on annual leave during any one period of time. The employee retains the right to select his annual leave period within the guidelines set forth below, based upon his departmental seniority held over members of his particular shift of assignment.

10.04 Scheduling of Annual Leave - In General

The annual leave and Kelly Day selection process for the following year will take place during the first part of December. In order to facilitate this selection process, scheduling of absences during these three days will be discouraged. The selection must be made within this designated scheduling period or the employee will relinquish seniority rights for the purpose of selecting annual leave time. In the event a conflict in scheduling occurs, annual leave will be assigned to the maximum extent allowable in the order of seniority. The Fire Chief or their designee shall post the scheduled annual leave by January 1st.

A. Annual leave and Kelly Days shall be picked according to the procedures set forth in the Department's Administrative Rule 7.

B. Annual leave will not be adjusted for individuals who are on the short term disability plan.

10.05 Use of Annual Leave - 40-hour-per-week Employees

Except as otherwise noted, annual leave will be granted as requested by the employee, consistent with the operational requirements of the work unit. No more than one employee who works a 40-hour per week schedule may be scheduled for annual leave at the same time in the same division without the Chief or their designee's consent. Choice of annual leave will be by the department seniority within the division. The Chief may defer annual leave as appropriate, or require advance scheduling of annual leave to provide for adequate staffing levels and the orderly operation of the department. An annual leave request must be signed and submitted one week prior to commencing an annual leave period. A 40-hour-per-week employee may carry over to the following year the previous year's accrual plus one week accrual. Accumulations in excess of this amount shall be forfeited on January 1st. The Department Director and Mayor may allow additional amounts of annual leave to carry over only when operational requirements preclude the usage of the excess accumulation of annual leave. When such authority is granted, the excess accumulation of annual leave must be used within four months of the carry over year or be forfeited.

10.06 Payment for Annual Leave

A. All annual leave pay shall be calculated at the employee's current base rate of pay. Current base rate of pay shall include FLSA overtime when the 56-hour employee exceeds 204 hours in a 27 day work cycle.

B. Employees shall not be allowed to waive annual leave and receive double pay by working during annual leave.

C. In the event an employee leaves City employment for any reason, they shall receive payment for their annual leave according to the annual leave balance as of his last working day, and a prorated payment for annual leave - accrued since the last January 1st.

10.07 Paramedic School

Employees who are not able to take annual leave that has been scheduled and approved due to their participation in Paramedic School shall have the option of one of the following:

A. Rescheduling annual leave, subject to the requirements of this Article, or

- B. Receiving payment for their annual leave time not taken due to the requirements of Paramedic School. The payment for annual leave shall be made within 45 days after the end of the year, and shall be adjusted for any Kelly days taken prior to accrual, if applicable.

A personal holiday shall not be taken unless the employee has submitted a request at least seven (7) days (which may be waived by the Fire Chief prior to the said requested day off, and the Fire Chief has approved. Personal holidays will normally be granted when requested by the employee and will be selected the same as annual leave.

11.02 Whenever any of the foregoing holidays fall on Sunday, the Monday following shall be observed as the holiday.

Thereafter, each 15 hours of sick leave per month shall be divided equally, with 7.5 hours available for use under the general provisions of sick leave policy and 7.5 hours pooled for use in the Short Term Disability Plan.

At the beginning of each calendar year thereafter, each regular benefited employee will be credited with one hundred and sixty-eight (168) hours of sick leave. This amount shall be divided equally, with 84 hours available for use under the general provisions of the sick leave policy and 84 hours pooled for use in the Short Term Disability Plan.

C. In the event of sickness or injury an employee must notify the on-duty battalion supervisor for 56 hr employees and immediate supervisor for 40 hr employees no later than 30 minutes prior to his normal starting day, unless in the judgment of the City the circumstances surrounding the absence made such notice impossible, in which event, such notice must be made as soon thereafter as is possible;

An employee may be required to submit a physician's statement or other satisfactory evidence to 1.) support their absence is for legitimate reasons, or suffer loss of sick leave pay or other discipline for time absent; or 2.) the employee shall be present for examination by a physician approved by the City, and such examination shall be without charge to the employee.

The City's payment shall not exceed the customary rate for an office call. For purposes of this requirement, the employee will be further required to provide City, upon request, a written authorization to release all medical information to the City in regard to that illness, or condition only. Failure to submit to examination or to sign the release shall be an automatic forfeiture of benefit; Prior to returning to work from any sickness or injury, a supervisor may require a release from the treating physician.

D. The rate of pay for each day of sick leave shall be eight (8) hours for forty (40) hour employees and twenty-four (24) hours for 56 hour employees at the employee's regular rate of pay;

E. Sick leave will be granted to supplement pay received under Worker Compensation Laws. If an employee qualifies for Worker Compensation pay from the City, the City will allow sick leave up to the maximum number of hours sick leave accrued to the employee. Sick leave pay will be at the employee's straight time base rate, forty (40) or fifty-six (56) hours, as the case may be, per week, less the amount received by the employee per week from Worker Compensation.

F. An employee may use accrued sick leave in the following situations:

1. Personal illness, or off duty injury.
2. Illness of a parent, spouse, child, stepchild. Use of sick leave for this purpose is limited to an aggregate or total of five (5) work days (2½ shifts for 56 hour employees) per calendar year per employee. 13.03 Each applicant for employment shall be examined by a licensed physician chosen by the City. Thereafter, every regular employee shall receive a routine annual physical by a physician of the City's choosing. The employee is required to assign to the physician any benefits payable under the health insurance. Any charges beyond the required physical shall be the obligation of the employee. Any employee who fails to pass said examination, in the opinion of the examining physician, may at his or her option, have a review of his or her case in the following manner:

C. In the event the findings of the physician employed by the employee do not agree with the findings of the physician employed by the City, the City will, at the written request of the employee, ask that the two physicians agree upon and appoint a third qualified and neutral physician for the purpose of making a physical examination of the employee;

During this initial period, the employee will receive regular pay. The initial period is as follows:

A. Up to 45 calendar days if he has been continuously employed for less than three years, or,

B. Up to 30 calendar days if he has been continuously employed for three or more years.

ARTICLE 14 - SHORT TERM DISABILITY PLAN

The following explanation is a description of the Short-Term Disability Plan benefit.

Eligibility: All employees of the City of Rapid City, who are participating members of the South Dakota Retirement System. Regular part-time employees who are eligible for benefits under this Agreement shall receive Short-Term Disability benefits pro-rated on the employee's normal schedule as compared to 2080 hours, consistent with the schedule applicable to the employee's length of service. Benefits commence if the employee has exhausted all but 40 hours or less of their available general Sick Leave A balance. Employees must be off work for 3 consecutive working days prior to receiving the Short Term Disability Benefit and that time will be charged to Sick A, Annual Leave or Leave Without Pay.

Disability: An employee who is unable to perform the essential functions of his/her work assignment due to bodily injury or sickness in the opinion of his medical physician.

Employee's Responsibility: It shall be the responsibility of each employee to inform their supervisor of the status of their injury/illness prior to each payroll period. A Verification of Disability form must be completed and returned to Payroll prior to the applicable payroll period. Said notice must be in writing, signed by the attending physician and in addition, must include the time from specified date to specified date in which the employee will be absent. If the employee fails to notify Payroll of the status during the payroll period, pay adjustments will be made when the proper paperwork is received.

Dispute Resolution: In case of a dispute between the employee and the City regarding any conditions of disability, a review of the case will be conducted in the following manner:

- A. The City may request that a copy of the findings of the physician chosen by the employee be furnished to a physician chosen by the City for verification. If the findings are verified by the City physician, no further review shall be conducted.
- B. In the event the findings of the physician employed by the employee do not agree with the findings of the physician employed by the City, the City will at the written request of the employee ask that the two physicians agree upon and appoint a third qualified and neutral physician for the purpose of making a physical examination of the employee.
- C. Such three doctors, one representing the City, one representing the employee, and one doctor approved by the employee's doctor and the City's doctor, shall constitute a board of three, a majority vote of which shall decide the issue.
- D. The expense of employing the third physician examiner shall be borne one-half by the employee and one-half by the City.

Length of Absence: All absences shall be considered as a single period of disability unless acceptable evidence is furnished that the cause of the latest disability cannot be connected with the causes of any of the prior disabilities.

If an employee is off more than once because of the same illness, the periods of disability will count towards the maximum period of benefits, 26 weeks. However, if an employee has returned and worked for a full year, the period of disability will be treated as a new illness or disability with benefit eligibility being a maximum of 26 weeks.

ARTICLE 15 - FAMILY AND MEDICAL LEAVE ACT

15.01 Introduction. The City complies with The Family and Medical Leave Act (FMLA). The Act entitles eligible employees of covered employers to take job-protected leave for specified family and medical reasons with continuation of group health insurance under the same terms and conditions as if the employee had not taken leave. To be eligible for absence under the FMLA, the employee must have been continuously employed by the City for a 12-month period immediately preceding the request for absence, and during that 12-month period have worked at least 1,250 hours. If approved, the leave may be a combination of paid and unpaid leave. If the FMLA is amended and the provisions of the updated law conflict with the specific provisions of this Article, the provisions contained in federal law will control the application of FMLA benefits under this Agreement. Complete details of the FMLA law may be found online at the United States Department of Labor (DOL), Wage and Hour Division website. Please note that the DOL website will always contain the most updated information, including any mandatory legislative changes to benefits and/or eligibility.

15.02 Basic Leave Entitlement. Eligible employees are entitled to twelve (12) workweeks of leave in a 12-month period for:

- the birth of a child and to care for the newborn child within one year of birth;
- the placement of a child with the employee for adoption or foster care and to care for the newly placed child within one year of placement;
- to care for the employee's spouse, child, or parent who has a serious health condition;
- a serious health condition that makes the employee unable to perform the essential functions of his or her job;

A serious health condition is an illness, injury, impairment or physical or mental condition that involves either an overnight stay in a medical care facility, or continuing treatment by a health care provider for a condition that either prevents the employee from performing the functions of the employee's job, or prevents the qualified family member from participating in school or other daily activities. Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least two visits to a health care provider or one visit and a regimen of continuing treatment, or incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of continuing treatment. For purposes of FMLA leave, the twelve month period in which leave may be taken is a 'rolling' 12-month period measured backward from the date of any FMLA leave usage. Employees taking FMLA leave will be required to use available sick leave and/or annual leave during any FMLA absence in accordance with City policy.

15.03 Special military family leave entitlement. The FMLA also provides additional leave for any qualifying exigency arising out of the fact that the employee's spouse, son, daughter or parent is a covered military member on "covered active duty." Pursuant to this benefit the employee is permitted twenty-six (26) work weeks of leave during a single 12-month period to care for a covered service member with a serious injury or illness if the eligible employee is the service member's spouse, son, daughter, parent or next of kin (military caregiver leave).

15.04 Employee Responsibilities. When the need for leave is foreseeable, an employee must provide the City with thirty (30) days advance notice of their intent to take FMLA leave. When thirty (30) days advance notice is not possible, the employee must provide the City with notice as soon as practicable and generally must comply with normal call-in procedures. Employees must provide sufficient information for the City to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Employees must also inform the City if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees may also be required to provide a certification supporting the need for leave.

15.05 Benefits and Protections. During FMLA leave, the City must maintain the eligible employee's health coverage under any "group health plan" on the same terms and conditions as if the employee had continued to work. Upon return from FMLA leave, most employees must be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. During the term of paid family or medical leave (for example, if the employee is utilizing available accrued vacation, sick and/or short term disability leave), vacation accrual continues. Employees on an approved FMLA leave who are receiving a paycheck will be paid for applicable holidays while on leave. During the term of unpaid family or medical leave, no pay or other benefits shall accrue, with the exception of any group health insurance benefits that were in effect at the time of the commencement of such leave, or new group health insurance benefits which are provided by the employer during the FMLA leave. Group health insurance shall be continued in force for the duration of FMLA leave and the City shall continue to pay that portion of the benefits normally paid by the City. The employee shall be responsible for payment of any premiums normally paid through payroll deductions. Such payments must be made by mail or in person to reach the Finance Department no later than the last working day of the month prior to the next following month of insurance coverage.

15.06 Certification. When required by the City, a request for FMLA leave shall be verified by providing a certification from a qualified health care provider. The certification from the qualified health care provider shall contain the following:

- A. the date when the serious health condition began;
- B. the probable duration of the condition;
- C. the appropriate medical facts within the knowledge of the health care provider regarding the condition;
- D. if the leave is due to the employee's serious health condition, the certificate must include a statement that the employee is unable to perform the functions of his position;
- E. if planned medical treatment is the reason for the leave and employee wants intermittent leave or leave on a reduced time schedule, the date when the treatment begins and the estimated duration of the treatment; or
- F. if the leave is necessitated by a serious medical condition of the employee or the employee's child, spouse or parent, the certificate shall state that there is a medical necessity for the leave and an estimate of how long the leave will be needed.

A second opinion may be required at the City's expense from a health care provider designated by the City. If the second opinion conflicts with the first opinion, the City may request a third opinion at the City's expense. The City and the employee must jointly agree on the health care provider to render the third opinion, whose determination shall be final and binding.

15.07 Effect on Seniority. During any FMLA leave, the employee shall remain on the seniority list and continue to accrue seniority as provided elsewhere in the Agreement.

15.08 Effect on Reemployment and Other Rights. Upon expiration of an authorized absence under this Section, the employee shall be reinstated to the same position held at the time such leave commenced, or to a position which is equivalent to or higher in pay, benefits, and other terms and conditions of employment. No employee shall be interfered with, discriminated against, disciplined, or otherwise restrained from exercising his rights under the Family and Medical Leave Act.

15.09 Spouses Jointly Employed By the City. If two spouses entitled to leave under this section are both employed by the City, the total number of work weeks of leave to which they are jointly entitled is limited to 12 work weeks during any 12-month period if such leave is taken under this Section 2a and b, upon the birth or adoption of a child; or, if absence is required to care for an ill parent per Section 2c above.

15.10 Intermittent or Reduced Sick Leave. Leave may be taken intermittently or on a reduced leave schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies may also be taken on an intermittent basis.

15.11 Fitness for duty/return to work authorization. Employees on approved FMLA leave will be required to present a fitness-for-duty certification (also known as a return to work authorization) to be restored to employment. If the City does not receive the certification in a timely manner, the employee's return to work may be delayed until the certification is provided.

15.12 Failure to Return to Work. If the employee fails to return to active City employment upon the expiration of the maximum leave provided under this section (to include any paid annual leave or sick leave that may have been taken in conjunction with the absence), along with any other approved leave, the employee shall be responsible for repayment of any City paid premiums during the unpaid portion of the absence, unless the failure to return is based upon the continuance, recurrence, or onset of a serious health condition or other circumstances beyond the employee's control. In such instances, the employee must provide in a timely manner a certification by a health care provider attesting to the employee's inability to return to active employment. Once all FMLA leave (paid and unpaid) is exhausted, the employee may be terminated.

ARTICLE 16 - FUNERAL LEAVE

Members may receive three (3) days (1 1/2 shifts for 56 hours) leave without loss of pay, annual leave, or sick leave, limited to two qualifying events per calendar year, of non-accumulating funeral leave for the death of spouse, child, stepchild, grandchild, parent (including step parents or legal guardians), spouse's parent, spouse of an adult child, grandparents, and employee's brother or sister. For the above family members, the employee may also receive benefits under Article 13, Sick Leave, Section 13.01.

ARTICLE 17 - SPECIAL DEATH OR RETIREMENT BENEFIT

Payable upon retirement or disability, it shall be paid solely in the name of the employee. If payable due to death, said benefit shall be payable according to the same beneficiaries as provided for by the employee under his designation for the Retirement System. 20.02 If the employee has been on leave for a period of seven (7) days and when released by the employee's doctor, the City may provide a work assignment in the Department that the employee is qualified to do, at no reduction in pay of the employee's normal job classification. A transfer from 56-hour schedule to 40-hour schedule as part of the Light Duty Plan shall not entitle the employee to the benefits of Section 7.06.

20.03 The duration of work performed under the conditions of this Plan shall be authorized for a period of up to six (6) months if authorized by the employee's medical provider and agreed to by the City. Time in excess of 6 months may be authorized by the City. E. Any employee recalled from a lay off must meet all physical fitness requirements for the position. The City may require the employee to complete a physical prior to returning to work. Failure of the City to comply with any time limitation shall enable the grievant(s) to proceed to the next step in the grievance process. It is agreed that all times may be extended by agreement between the City and the grievant(s) or Union.

25.04 Both parties agree to encourage an employee to discuss his complaint within his chain of command. Within fourteen (14) days after the employee had knowledge of its occurrence, or should have had knowledge of its occurrence, the employee and/or his representative shall submit to the Chief or his designee a written grievance, which shall be known as Step 1. The Chief or his designee shall meet with the employee and/or his representative, within seven (7) days in receipt of the grievance. The employee may request that the union representative be present.

25.05 If the employee disagrees with the decision of the Chief, he shall file within fourteen (14) days of the receipt of the notice from the Chief or his designee a written grievance with the Mayor, which shall be known as Step 2. A. An employee who is a member of the South Dakota Retirement System and who also is a member of the Group Insurance Plan for the City of Rapid City, may, at the time of retirement, remain as a member of the Group Insurance Plan, provided the employee pays all expenses of the Plan. Any such payments shall be made at the time specified by the City, and it shall be the duty of the retiree to see that the payments are received on or before the date specified. Failure to deliver payment at or before the date specified may cause the insurance to lapse, and the City shall not be responsible for collection;

B. Eligibility for retention of group membership shall be dependent on the employee meeting the requirements of retirement as set forth under the provisions of the South Dakota Retirement System and the requirements shall be those pertaining to the class of employee under which the eligibility is earned;

C. The employee must have been employed by the City of Rapid City immediately preceding the retirement date;

D. Any employee who retires from the City consistent with the rules of the South Dakota Retirement System, but chooses to delay receiving their retirement benefits, shall be eligible for group health insurance coverage under the provisions of this Section as if they remained in the system.

The retiree's Health Insurance benefit expires upon the retiree becoming eligible for Medicare/Medicaid or reaching age 65.

27.02 Health Insurance Premium Policy for Medical Disability. When an employee becomes ineligible for the Health Insurance premium payment made by the City, because the employee is receiving no direct compensation from the City for that premium period, the City shall continue to pay the premium on the following basis:

For each full year of credited service, one month of Health Insurance premium will be paid to a maximum of 12 months of premium payments.

The payment commences on the month immediately following the loss of eligibility for payment and ceases the month following the benefit expiration or upon the month following termination for any reason, whichever is earlier.

The credited service year for the purpose of this policy is calculated from the same date, the anniversary date, as used for calculation of annual leave benefits. Paid leave of any kind shall not be used in any way other than a consecutive day progression to satisfy the direct compensation requirements. Payment of the premium by the City shall be on the same basis as would be paid if the employee has not become ineligible.

27.03 The Union and the City of Rapid City agree to the concept of a Healthcare Plan Committee to manage and make recommendations regarding the self-funded City Healthcare Plan. The Committee shall be comprised of the following people:

- 2 representatives from FOP
- 2 representatives from the IAFF
- 3 representatives from AFSCME
- 3 representatives from the Non-union group
- 1 representative from the retiree group who is currently enrolled on the healthcare plan
- Finance Officer
- Human Resource Director
- City Attorney
- Council Representative

A majority of the members of the committee shall act as one with regard to the management of the City's Healthcare Plan. The City Human Resource Director shall act as the chair of the committee. Any member of the committee may designate another person to attend any meeting on his behalf. Such a designee shall have full voting rights.

It is the desire of the City Healthcare Plan Committee and the City Council to fund the City Healthcare Plan to a level of responsible fiscal management and build an ongoing Ideal Fund Balance to a level consistent with the Ideal Fund Balance Target. The Committee recognizes its fiduciary responsibility to adequately manage the City Healthcare Plan to ensure the Plan's long term financial stability. To that end the Committee adopts the following Plan reporting criteria and funding philosophy.

27.04 Responsibilities of the Committee. At least annually the Healthcare Plan Committee shall establish and recommend to the City Council the funding level need of the City Healthcare Plan for the forthcoming Calendar Year consistent with its fiduciary responsibility to adequately manage the Plan to ensure the Plan's long term financial stability.

The Healthcare Plan Committee shall review the Plan Reserve Balance on a quarterly basis, or as deemed necessary by the City Finance Officer or his designee.

27.05 Definitions as pertains to this Article:

The term "Calendar Year" shall mean the period of January 1 through December 31.

The term "Plan Year" shall mean the period of July 1 through June 30.

The term "Expected Plan Costs" shall mean the subsequent Plan Year quoted fixed costs from the Plan service providers and the stop-loss carrier's aggregate attachment point times .80.

The term "Maximum Plan Costs" shall mean the subsequent Plan Year quoted fixed costs from the Plan service providers and the stop-loss carrier's aggregate attachment point.

The term "City Medical Plan" as used in this document shall mean the self-funded medical plan offered the eligible City employees, former employees and their dependents who have properly enrolled and who have paid their share of the cost to participate. This term does not include the Dental or Life Insurance benefits also offered by the City.

The term “Ideal Fund Balance Target” as used in this document shall mean the average of two numbers as determined by the City’s health plan administrator (or an organization unrelated to the City and appointed by majority vote of the City Healthcare Plan Committee) on or before June 15th of each year. The first calculated number in determining the Ideal Fund Balance Target shall be 35% of the Expected Plan Cost of the City Medical Plan for the subsequent Plan Year of July 1 through June 30 and the second number shall be 25% of the Maximum Plan Cost of the City Medical Benefit Plan for the subsequent Plan Year. Both numbers shall be based on the actual average enrolled employees and dependents in the 11 months ending May 31 of that Plan Year.

The term “Annual Funding” shall mean the monthly contribution level established by the Healthcare Plan Committee and approved by the City Council representing the contributions to the City Medical Plan from the City of Rapid City and the payroll deductions from employees and the payments from former employers.

The term “Plan Reserve Balance” shall mean the then current cash balance of the Medical Insurance Fund which accounts for all of the Medical Plan expenses and revenues on a month to month basis and which is maintained and accounted for by the City Finance department.

27.06 Funding Determination. To ensure proper financing of the City Healthcare Plan it is necessary to provide for an annual funding review. This document shall set Annual Funding increases at a minimum of 5% and a maximum of 14% as determined by the Fund needs to finance the Expected Plan Costs for the forthcoming year; plus or minus the Fund needs to move towards meeting or maintaining the Ideal Fund Balance Target for the forthcoming year.

If the above Funding concept is more than adequate to meet the expected plan cost and also produces dollars in excess of the Ideal Fund Balance Target the excess dollars must first be used to repay any loans due the City of Rapid City, secondly these dollars may be used to offset the forthcoming years funding need by carrying the dollars forward to subsequent years.

If the Annual funding adjustment is inadequate to meet the actual Plan Cost, the benefits provided by the Plan shall be adjusted to reduce the expected expenses to fit within the funding expectation.

Unless agreed by a 2/3 vote of the Healthcare Plan Committee, a rate change must occur each January 1 between the minimum 5% and maximum of 14%. Planning for the above application shall be completed in June of each year for the subsequent January 1 rate change and/or benefit modification implementation. Any recommendation for an increase in premium above 14% must be submitted to the City Council and to each bargaining unit for approval. The approval of the City and at least two of the four bargaining units shall be adequate to implement such an increase for all of the bargaining units.

27.07 In the event a firefighter dies in the line of duty, the City shall pay 100% of the spouse’s and 50% of the children’s health insurance contributions. If the firefighter does not have a spouse but has children, the City will pay 100% of their health insurance contribution. The City shall not be obligated to continue to pay contributions if the spouse remarries or reaches age 65 or Medicare, whichever occurs first. The City shall pay contributions for children as defined by the City’s Health insurance plan.

Written authorization by the employee is to be furnished in the form required. Check-off procedures and timing shall be worked out between the Union and the Employer.

ARTICLE 31 - REIMBURSEMENT OF EXPENSES INCURRED IN TRAINING PARAMEDICS

The City may, in its discretion, agree to pay for an employee to be trained as a paramedic. If the City agrees to pay for paramedic training, the City may require the employee to enter into a contract regarding the payment of training expenses. Issues to be covered in the contract include, but are not limited to, repayment to the City for failed training, termination from employment with the City, and resignation of the employee during or within a set time period after successful completion of the training.

Employee will have the right to have union representation present during these negotiations, and will be allowed time to confer with said representation as to the terms of the agreement. Each agreement is personal with the individual employee's unique circumstance and training program requirements. Previous reimbursement agreements between the City and employees will serve as a guide for these negotiations, but the previous agreements will not be controlling on the negotiation. During these negotiations both parties acknowledge their duty to negotiate in good faith.

ARTICLE 32 - SENIORITY

32.01 Seniority means the length of continuous service with the Fire Department, beginning with the latest date of hire with the City in the Fire Department.

32.02 Both parties are in accord that, along with other considerations, seniority within the division should be a factor in filling vacancies, in promotions, demotions, layoffs and recalls. All actions taken in these areas shall be taken with due consideration to ability, fitness, experience, qualifications, past performance and relative seniority. If all other considerations are relatively equal, seniority will prevail. The City shall be the judge of the controlling considerations but shall not act arbitrarily or capriciously in its decision. If seniority is bypassed, the employee shall, upon request, be furnished with written reasons therefore, and such affected employee may process his complaint through the grievance procedure under this Agreement.

32.03 The Department will furnish the Union a list of the employees within the bargaining unit, showing the names of all employees in the order of their seniority ranking, within thirty (30) days after the effective days of this Agreement, and a revised listing each six (6) months thereafter. Protests of errors in or omissions from seniority rosters must be made to the City within sixty (60) days from the date of the first furnishing of the list, or the list, and all subsequent lists, will be deemed correct for all purposes. An information copy may be posted in the Main Station and each substation.

32.05 The Union and the City shall agree on circumstances under which persons who leave the classifications of work covered by this Agreement, but remain in the employ of the City in some other capacity, may retain seniority rights upon their return to their original unit. In the absence of such express agreement, such employees shall lose all seniority rights. All previous commitments shall be honored with regard to this section.

ARTICLE 33 - COMMITTEE FOR UNION-MANAGEMENT COOPERATION

33.01 For the purposes of fostering a productive working relationship, and addressing safety issues within the workplace, the Union and City agree that a Union Management Cooperation Committee shall be continued. Meetings of the Union Management Committee shall be held on an as needed basis at the request of either party.

33.02 The committee or any employee may call to the attention of his department head the fact that certain equipment may be dangerous to use, and the department head shall have effective authority to remedy the situation by withdrawal of the equipment from use or arranging for its immediate repair. If the department head refuses to take the necessary steps to remedy the situation, he must notify the employee or the committee of his decision within twelve (12) hours after the matter is brought to his attention, and the employee or committee may take the matter immediately to the City Safety Officer for his immediate investigation and determination.

All recommendations with respect to safety shall be made the subject of a resolution by a majority of the committee. If the committee is unable to reach a majority decision on any question of safety, the question shall be referred to the person or persons selected by a majority of the committee to decide the issue.

33.04 Minutes shall be kept of all meetings and shall be distributed to the City and the Union to the end that both the City and the employees will have an understanding of the deliberations of the committee.

If the parties are unable to agree as to whether or not any provision thereof is in contravention of any such laws or regulations, the provisions thereof involved shall remain in effect until the dispute is settled by the court or other authority having jurisdiction in the matter.

APPENDIX B

STANDARD SCHEDULE OF DISCIPLINARY OFFENSES/PENALTIES FOR CITY OF RAPID CITY EMPLOYEES

1. This list is not intended to cover every possible type of offense. Penalties for offenses not listed will be prescribed by the Department Director, Division Manager or Supervisor, consistent with penalties for offenses of comparable gravity, unless superseded by contract or law.
2. Many of the items listed on this schedule combine several offenses in one statement, connected by the word “OR”. Usage of the word “OR” in a charge makes it nonspecific.
3. Depending on the gravity of the offenses, dismissal proceedings may be instituted against an employee for four infractions committed in any 24-month period.
4. Where appropriate, consideration may be given to change to lower grade in lieu of dismissal.
5. Suspension penalties on this schedule apply to work days.
6. Reckoning periods commence on the date of the offense.
7. Departments may establish additional rules pertaining to each department, which are not in conflict with these rules.
8. Disciplinary action to suspend or dismiss an employee must be reviewed with the Human Resources Director and/or City Attorney’s Office or designees prior to final action.
9. All rules and disciplinary actions are enforced in compliance with current federal and state statutes and regulations, as example the Fair Labor Standards Act.
10. Definitions: For clarity of interpretation, the following terms are defined:
 - Competent Authority – defined as those authorities that are properly appointed to carry out the supervisory/management duties as assigned by the City and as defined by the supervisory/management position.
 - Reckoning Period – defined as the period of time applicable to an offense in which no similar offense can occur. If, for instance, a first offense occurs and the reckoning period is six months and a similar infraction occurs within the six-month period, the similar infraction is counted as the second offense. If the reckoning period expires and another similar infraction occurs, the new occurrence may count as a first offense. This does not imply that continued patterns or frequencies of occurrence might not result in more severe penalties based upon performance factors.

APPENDIX C
RANGE OF PENALTIES FOR STATED OFFENSES

Penalties for disciplinary offenses will, in general, fall within the range indicated. In unusual circumstances, depending on the gravity of the offense, the past records, and the position of the employee, a penalty outside the general range may be imposed.
