

### **E. Suspension and Debarment**

Under the government-wide non-procurement debarment and suspension regulations, 2 CFR part 180, and under the Department of Transportation's non-procurement debarment and suspension regulations, 2 CFR part 1200, non-federal entities, including the City, are prohibited from contracting with or making subawards under covered transactions with parties/entities that are suspended or debarred or whose principals are suspended or debarred. "Covered transactions" include those procurement contracts for goods and services awarded under a grant or cooperative agreement that are expected to equal or exceed \$25,000. The Program Manager must verify that the parties/entity is not suspended or debarred or otherwise excluded. This verification must be performed prior to the award by checking the *System of Award Management (SAM)* Excluded Parties List (EPL) and retaining documentation that such search was performed. The Federal Government's Excluded Parties List System (EPL) is located at <https://sam.gov/SAM/>. In addition, any contract for goods and services awarded under grant or cooperative agreement must include an attestation that parties/entity is not on the EPL.
