MEMORANDUM

FROM: Morgan Falcone, P.E., Engineering Project Engineer
DATE: January 17, 2019
RE: **Exception to Section 7.40 of the Construction Specifications –
Remove the requirement that the Contractor perform a minimum of
50% of the work**

**2930 Catron Blvd
Rapid City, SD 57702**

(and)

**1049 Sagewood St
Rapid City, SD 57701**

The Engineering Services Division requests authorization to revise Paragraph 7.40 of Section 7-General Conditions of the City of Rapid City Standard Specifications for the Northridge Booster Pump Station and Stoney Creek Booster Pump Station Improvements, Project Number 14-2178/CIP 50812.CD. The revised specification will remove the requirement that the Contractor perform a minimum of 50% of the work. Because the Northridge Booster Pump Station and Stoney Creek Booster Pump Station Improvements project consists of multiple subcontractor disciplines and no one discipline will likely encompass 50% of the work, it may be difficult for the Contractors to meet the 50% requirement. Therefore, in order for them to bid, staff is requesting that this requirement be removed. City Staff believes it is in the best interest of the City to reduce the requirement.
