Dear Rapid City Legal and Finance Committee and Pauline Sumption:

This is just a short note to state that the Alberta Wilderness Association supports the Prairie Hills Audubon Society's letter (attached) in support of a draft resolution, proposed to be adopted by Rapid City Common Council, to oppose gold mining and mine exploration in the Rapid Creek Watershed. (Draft Resolution 2020).

We are supporters of the Great Plains Conservation Network, a network of groups collaborating on protection of the most significant landscapes remaining in the Great Plains of North America.

Thanks for considering our views.
