Re: Rapid City Public Library Air Handler Replacement

Air handlers 1 (AHU-1) and 2 (AHU-2) are due for replacement, with funding previously authorized through the city's CIP fund. The Library Board also approved funding in the 2020 Board Funds budget to supplement the CIP funding for this project if necessary.

The City Council rather than the Library Board handled the bid advertisement and bid opening, due to the technical nature of this project. The bid opening (Project No. 19-2494/CIP No. 51226) took place on January 28; the Bid Tab contains the detailed bid information. The low bid from Climate Control was approved by the City Council at their February 3 meeting.

The remainder of the bid and preliminary construction schedule is as follows:

- February 17: Notice to Proceed
- February 17 – June 17: Construction period
