COMMUNITY DEVELOPMENT
14) 19OA006 – Community Development Planner III Fletcher Lacock, clarified the changes to this ordinance by first mentioning the current language of the ordinance which states that any permitted or conditional use in the Medium Density Residential District is also allowed as a permitted or conditional use in the Office Commercial District. He expressed that the intent of the Office Commercial District is to provide areas within the City for institutional and commercial activities. Lacock said the ordinance amendment is to revise the permitted and conditional uses in this district, specifically removing single-family, two-unit townhomes and duplexes; then in the permitted uses, multi-family dwellings with one “primary structure” remain a permitted use because higher density residential is more of a commercial use than the typical single-family home. He then explained that in “conditional uses”, a lot of the uses identified in Medium Density Residential District were added in addition to multi-family dwellings in “multiple structures”, which under the current system requires a plan development requiring public review and approval. This amendment makes sure the ordinance states “multiple structures” require that conditional use permit. Lacock also pointed out that associated with this ordinance amendment are a lot of rezoning requests being processed by the City because there are a lot of single family homes, townhomes (two-unit structures on individual lots) and duplexes (two units on one lot) that were developed in the Office Commercial District. He noted that the properties are being rezoned with no fee to the property owners to keep them in compliance with the current zoning ordinance. Nordstrom asked Lacock to explain the conditional use permit process. Lacock said in the future, a multi-family dwelling (three or more units within one structure) or for example, a 50 unit apartment building in one structure, will just be a building permit in the Office Commercial District; however, if it is 50 units and three structures, that would trigger the conditional use permit process which goes before Planning Commission for review and approval and can be appealed to City Council. This covers Office Commercial Districts throughout the City. The basis of this amendment is simply removing single-family homes, townhomes and duplexes from Office Commercial Districts but continue to allow multi-family

dwellings as a permitted use. Nordstrom moved to approve the Introduction and First Reading of Ordinance No. 6294 an Ordinance Amendment Amending Chapter 17.40 to Revise Permitted and Conditional Uses in the Office Commercial District. Second by Lehmann. Motion carried.
