Case No. 20UR012

Legal Description:

Lot 6 of Feigel Subdivision No. 3, located in Section 31, T2N, R8E, BHM, Rapid City, Pennington County, South Dakota
Explanation of the business – what you do, who you serve?

DeCory’s Entertainment will provide entertainment opportunities and state-of-the-art attractions which will include a grill and bar, escape rooms, axe throwing, and archery city (archery tag). Our escape rooms, restaurant and archery tag will supply opportunity to families and all ages. Axe throwing will supply opportunity to entertain those 18 and above, with a bar (beer and wine) available to those 21 and up.

Why we wish to serve alcohol?

We wish to serve alcohol at this location to supplement revenue, and bring those 21 and up to our facility without having to serve hard liquor.

How will we monitor alcohol sales.

We will monitor alcohol sales by following any city and state rules and regulations and reporting mandates. We will also have internal policies that staff will be trained and aware of the policies and procedures surrounding consumption limits. A stamp or wrist band will be used to monitor age requirements and alcohol consumption. We will work with local Uber and Lyft drivers ensure our patrons have the utmost safety in transportation.

What our plan is for mitigation if things get out of hand.

Our axe throwing is a highly monitored area, with safety measures in place. The level of socializing and alcohol consumption is hands on monitored all business hours through visible observation. We will also put a limit on the number of drinks that can be consumed while axe throwing. Unlike many axe throwing businesses across the country, our axe throwing pit will be fully caged, and away from the general public. Security will be on site to mitigate any situations that may arise.
Hours of Operation

Monday-Thursday
11:00 AM - 9:00 PM

Friday
11:00 AM - Midnight

Saturday
10:00 AM - Midnight

Sunday
10:00 AM - 10:00 PM
To: Fletcher Lacook & The CITY OF RAPID CITY

DECORY’S
ENTERTAINMENT COMPANY

Axe throwing at DeCory’s Entertainment will be the safest and upmost monitored area in the entire facility. Our axe throwing pit, unlike most across the country will be fully caged, and secured with strong fence. Sand will be used inside of the pit to stop the ricochet of mis thrown axes.

DeCory’s is a private company with its own unique concept. The axe throwing pits will be national standard, but the environment will be privately operated as DeCory’s Entertainment’s vision.

Safety Measures:

The Axe Throwing pit will be fully encaged and secured for the safety of all participants and onlookers. We will be in compliance with all fire marshal codes.

The axe throwing area will be fully monitored by wristbands showing such individuals have consumed alcohol.

Alcohol will be monitored heavily.

All staff will be trained and aware of internal policies, and procedures surrounding alcohol consumption limits.

We will monitor alcohol sales by following any/all city and state rules and regulations reporting mandates.

The level of socializing and alcohol consumption will be hands on monitored, all business hours through visible observation.
Security and staff will be on site at all times, to mitigate any situation that could potentially arise.

All axes will be hung and secured with a safe distance from the axe throwing entrance and the axes.

All patrons in the axe throwing pit will be directed to hang the axe up carefully and walk away with both hands free, to be assisted by our employee and released from the pit.

There will be no situation where a human will have an axe outside of the cage while customers are there.

This will be the safest environment in rapid city, we ask that you have complete trust in us, as we do ourselves. Our main concern will always be the safety of the people of rapid city. We pledge to give the city we love a newly and innovative concept of family fun we can all gather around, and create everlasting memories and laughter. That is what we believe true family entertainment is. We are so excited to work hands and hands with the city, and local officials to create this type of environment for our community.

Please see attached cage layout-
