   Lacock presented the application and reviewed the associated slides noting that there is an associated rezoning request on the Planning Commission agenda to change the zoning from Medium Residential District to Office Commercial District to bring the zoning into a more conducive zoning for property located in an Urban Neighborhood District along a Principal Arterial Street with heavier traffic. Lacock reviewed the current layout of the property stating that the applicant is not looking to expand the structure on this property, but to bring the setbacks of the existing structure into compliance so that upgrades can be made and parking added. Lacock noted that staff believes that the use is not injurious to the neighborhood and recommends approval of the Variance to reduce the front yard setback, from 25 feet to 5.2 feet, the side yard setback from 25 feet to 13.9 feet and the rear yard setback from 25 feet to 22.3 feet for an existing building in the Office Commercial District.
