Mayor’s Committee for People with Disabilities  
May 16, 2018  
People in attendance: Catherine Greseth, Marti Nesland, Patrick Czerny, Sammi Kenzy, Thore Jenshus, Steve Massopust, and Malik Dixon  

3:31 PM meeting started  
March minutes approved by Steve and seconded by Malik  

Nick Stroot visited with us about what his duties are with the Community Resources Department and their director. His card is on the attachment, which is a list of ideas presented by Steve. Nick started in this position on November 1, 2017. He is responsible for replying to complaints regarding city properties. He does not have jurisdiction over private businesses. He wants to find a way to partner with our group. We would like to be invited to the November training that is conducted by Rocky Mountain ADA out of Colorado Springs. He has developed resources for people with ADA concerns that are not related to city facilities. He sees us partnering with numbers 3-5 on the attached list.  

We would like someone from the tourism group to come and visit with us to tell us what resources they have for visitors coming to our area as it pertains to disabilities.  

Members of our group need to research useful Apps that could be developed with the tourism industry to communicate what businesses are “friendly” to people with disabilities.  

Everyone come to the next meeting with an idea of a business that we could use for our quarterly nomination.  

Meeting closed at 5:00 PM
