Re: Review - Displays and Events Policy, Notices Policy

Per the South Dakota Public Library Standards for accreditation, all policies must be reviewed at least every three years. Our standard practice has been to review policies at least every two years to maintain currency.

The last formal reviews of the Displays and Events Policy and Notices Policy occurred on March 11, 2019 and April 8, 2019 respectively. Library staff have reviewed these policies, and have determined that no updates are required for either policy.
