RE: Bid Award Recommendation

Low bidder of \$161,727.00 Floyd's Truck Center with Sanitation Products did not meet the outlined specifications needed for the Tandem Axle Dump Truck with Anti-Icing System and valved for Future Plow.

Specifications not being met:

1.04 – printed specifications and literature on the models they propose to furnish

3.04 – local dealer for service of the dump body, hydraulics and anti-icing system

31.06 – Body Sides are 42" with no side board provisions

31.16 – Floor to sides shall have an 8" radius for easy clean out of load.

43 - Valve section missed spinner and conveyor

We recommend awarding the Tandem Axle Dump Truck with Anti-Icing System and valved for Future Plow to Floyd's Truck Center with Northern Truck Company as it is meeting specifications with no deviations.

The cost of \$181,700.00 less trade of \$15,000.00 Unit S043, 2007 Sterling Dump Truck VIN: 2FZHATBS97AY17033 for total of \$166,700.00, this is under budget of \$182,000.00.
