Meeting: City Council

Comment Type: Public Comment Agenda Item

Agenda Item: Water billing landlords

Comment:

If landlords are going to be responsible for tenants water bills, then landlords should be able to receive wholesale rates for water. we should be able to profit off the sale of water to renters to recover any losses we may have to incur. Why does the water department think that the renter that doesn't pay their water bill is the only bill they owe, what's next should we be responsible for their electric and gas bill, how about their car payment? You have the ability to shut off the water just do it I can't
