**Project Name & Number:** Dyess Avenue Reconstruction – Seger Drive to City Limits, **CIP #:** 51282  
 Project No. 20-2630

**Project Description:** This contract is for design and bidding services for the reconstruction of Dyess Avenue from Seger Drive north to the City limits. This roadway has been identified as the number 1 street priority since 2019 due to the industrial truck traffic in the area, causing the pavement to fail. The anticipated street section is 3- 12 foot lanes of PCC pavement with asphalt shoulders. Wastewater and water mains were installed within the past 8 years and are in good condition, therefore only minor adjustments due to storm sewer and roadway grading are anticipated. Drainage will be evaluated and improvements made as necessary.
