From: Sean Minkel, Assistant Library Director  
Re: Displays & Events Policy

**Motion:** Move to approve updates to the Displays & Events Policy as presented.

**Background:** The Displays & Events Policy identifies how displays, publications, art, events and public signage within the library will be approved and used.

The only change to the policy is that a section referring to the permanent donation of art has been removed. The information in this section is recommended for addition to the Donation Policy, also up for review at this board meeting. There is no change to the intention of either policy involved.
