Retained amounts due to CONSULTANT shall be presented on a final, separate invoice and paid upon Final Acceptance by OWNER.

5.3 Other Provisions Concerning Payments and Record Keeping

5.3.1 If OWNER fails to make any payment due CONSULTANT for services and expenses within forty-five (45) days after receipt of CONSULTANT’S statement the CONSULTANT may, after giving seven (7) days written notice to OWNER, suspend services under this Agreement until CONSULTANT has been paid in full all amounts due for services, expenses and charges.

Department of Legislative Audit A-133 
Coordinator 
427 South Chapelle Street 
% 500 East Capitol Avenue 
Pierre, SD 57501-5070

If the CONSULTANT expends less than $750,000.00 during any Sub-Recipient fiscal year, the State may perform a more limited program or performance audit related to the completion of the Agreement objects, the eligibility of services or costs, and adherence to Agreement provisions.
Audits will be filed with and approved by the State Auditor General by the end of the ninth month following the end of the fiscal year of the entity being audited or thirty (30) days after receipt of the auditor's report, whichever is earlier.

For either an entity-wide, independent financial audit, or an audit under 2 CFR Part 200, Subpart F, the Sub-Recipient will resolve all interim audit findings to the satisfaction of the auditor. The Sub-Recipient will facilitate and aid any such reviews, examinations, and agreed upon procedures, the State or its contractor(s) may perform.

Failure to complete audit(s) as required, including resolving interim audit findings, will result in the disallowance of audit costs as direct or indirect charges to programs. Additionally, a percentage of awards may be withheld, overhead costs may be disallowed, and awards may be suspended, until the audit is completely resolved.

The CONSULTANT will be responsible for payment of any and all audit exceptions which are identified by the State. The State may conduct an agreed upon procedures engagement as an audit strategy. The CONSULTANT may be responsible for payment of any and all questioned costs, as defined in 2 CFR 200.84, at the discretion of the State.

Notwithstanding any other condition of the Agreement, the cooperative audit resolution process applies, as appropriate. The books and records of the CONSULTANT must be made available if needed and upon request at the CONSULTANT’s regular place of business for audit by personnel authorized by the State. The State and federal agency each has the right to return to audit the program during performance under the grant or after close-out, and at any time during the record retention period, and to conduct recovery audits including the recovery of funds, as appropriate.

If applicable, the CONSULTANT will comply in full with the administrative requirements and cost principles as outlined in U.S. Office of Management & Budget (OMB) uniform administrative requirements, cost principles, and audit requirements for federal awards – 2 CFR Part 200 (Uniform Administrative Requirements).

The CONSULTANT shall pay subcontractors or suppliers within 15 days of receiving payment for work that is submitted for progress payment by the OWNER. If the CONSULTANT withholds payment beyond this time period, written justification by the CONSULTANT shall be submitted to the OWNER upon request. If it is determined that a subcontractor or supplier has not received payment due without just cause, the OWNER may withhold future estimated payments and/or may direct the CONSULTANT to make such payment to the subcontractor or supplier. Prompt payment deviations will be subject to price adjustments.

5.3.7 Funding Provision. The payment of federal funds under this Agreement is subject
to the availability of Metropolitan Planning Organizations Federal Highway Administration and Federal Transit Administration funds appropriated by Congress.

Scope of Work

The Consultant will, to the maximum extent feasible, utilize existing information, reports, and studies on file with the MPO and/or provided by the MPO. The Consultant will work closely with the Study Advisory Team and the MPO to develop a Cambell Street Structure Replacement Multi-modal Routing Study.

The Consultant will lead the committee and public meetings. The Consultant will work with staff to keep the community well informed as the process moves forward implementing a successful community outreach program.

The following outline is offered to describe the general extent of services to be provided by the Consultant. This outline is not necessarily all-inclusive and the Consultant will include in the proposal any tasks or alternatives and services deemed necessary to satisfactorily complete the project. Consultants are encouraged to bring both industry expertise and creative ideas tested elsewhere and tailored to the MPO to help the community design the approach that best suits the MPO.

1 METHODS AND ASSUMPTIONS
The CONSULTANT shall facilitate a meeting to determine the assumptions to be used during the course of the study relating to the development of the study and the traffic analysis. Resulting from that meeting, the CONSULTANT shall develop a Methods and Assumptions Document in accordance with the Methods and Assumptions Template for SDDOT Planning Studies.

2 STUDY ADVISORY TEAM MEETINGS
The CONSULTANT shall have a minimum of four (4) meetings with the Study Advisory Team (SAT) for study coordination. The first meeting shall cover the project kickoff and the development of the Methods and Assumptions Document. Two (2) of these meetings are to be scheduled and held prior to each public meeting (can be held the same day) to gather the approval of the SAT on the information being presented. A fourth meeting should be held during the standards development phase of the study. The scheduled meetings, and other SAT meetings deemed necessary, can be conducted via teleconference or webconference and shall be documented by the CONSULTANT.

3 WEBPAGE
The CONSULTANT team shall provide, maintain, and continually update a webpage and a Facebook page dedicated to the study as it becomes available. The webpage and Facebook page will be organized in such a way that will help dispense information to the public regarding the status of the study, public meeting announcements, presentations, meeting summaries, and all reports. The webpage and Facebook page can be used to assist in data gathering through web surveys and for other public participation actions as deemed appropriate as long as adequate advertising can be provided. The pages will be active at least 10 days prior to the first public meeting and shall remain active for a period of at least six (6) months after completion of the study to allow public access to the final report. The CONSULTANT shall also provide the access to the webpage and Facebook page as requested by the MPO or SDDOT. If possible, the webpage shall be designed and constructed to be compatible with the MPO’s webpage, allowing for editing by MPO staff.

4 PUBLIC INVOLVEMENT
The CONSULTANT will develop a public involvement strategy for the study process. Due to the ongoing pandemic, it is anticipated that Virtual Public Involvement techniques will be used to perform this process. This strategy will be consistent with the MPO’s Public Participation Plan and an outreach program will be conducted to involve the elderly, persons with disabilities, minorities and the low-income community and other groups traditionally under-represented in the planning process.
Strategies to solicit input from the business, environmental and other communities of local significance will also be addressed. The CONSULTANT shall produce a Public Participation Plan Worksheet detailing public involvement strategies and techniques. The Worksheet shall be completed, reviewed, and approved concurrently with the Methods and Assumptions Document.

There will be a minimum of three (3) public meetings during the project period at which the consultant will make the lead public presentations regarding study methods, findings and recommendations of the study or its sub-elements, and to receive public input. If traditional public meetings are not able to be held, a Virtual Public Meeting format shall be used to reach the public and stakeholders and receive input. These meetings are expected at the following intervals:

- One public meeting as part of the kickoff to be held at the beginning of the project to introduce the project to the public, and gather information pertaining to the needs and desires of the community.
- Recommendations (Draft Report Stage)
- Conclusions (Final Report Stage)

5 MOTORIZED AND NON-MOTORIZED TRAVEL ANALYSIS
The CONSULTANT shall utilize existing vehicular, bicycle, and pedestrian counts where available, and conduct additional counts as necessary to supplement the existing counts in order to perform an existing and projected travel analysis of the study area. The planning horizon for the projected analysis is Year 2050.

6 NETWORK ROUTING ALTERNATIVES
The purpose of this task is to develop and analyze alternative routing for motor vehicles, bicycle, and pedestrians in order to maximize the safety and efficiency of the transportation network within the study area. While it is anticipated that the majority of travelers will use the structure as their preferred route, alternative routes may be developed for the various modes of travel.

7 ALTERNATIVES ANALYSIS AND RECOMMENDATION

During the performance of this contract, the CONSULTANT, for itself, its assignees and successors in interest (hereinafter referred to as the “contractor”) agrees as follows:

(1) **Compliance with Regulations**: The contractor shall comply with the Regulations relative to nondiscrimination in Federally-assisted programs of the Department of Transportation, Title 49, Code of Federal Regulations, Part 21, as they may be amended (hereinafter referred to as the “Regulations”), incorporated by reference and made a part of this contract.

(3) **Solicitations for Subcontracts, Including Procurements of Materials and Equipment**: In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor’s obligations under this contract and the Regulations relative to nondiscrimination on the grounds of race, color, religion, national original, sex, age or disability.

Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information, the contractor shall so certify to the South Dakota Department of Transportation, or the Federal Highway Administration as appropriate, and shall set forth what efforts it has made to obtain this information.

(5) **Sanctions for Noncompliance**: In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the South Dakota Department of Transportation shall impose such contract sanctions as it or the Federal Highway Administration may determine to be appropriate, including but not limited to:
