## Conditional Use Permit Project Report

December 9, 2021

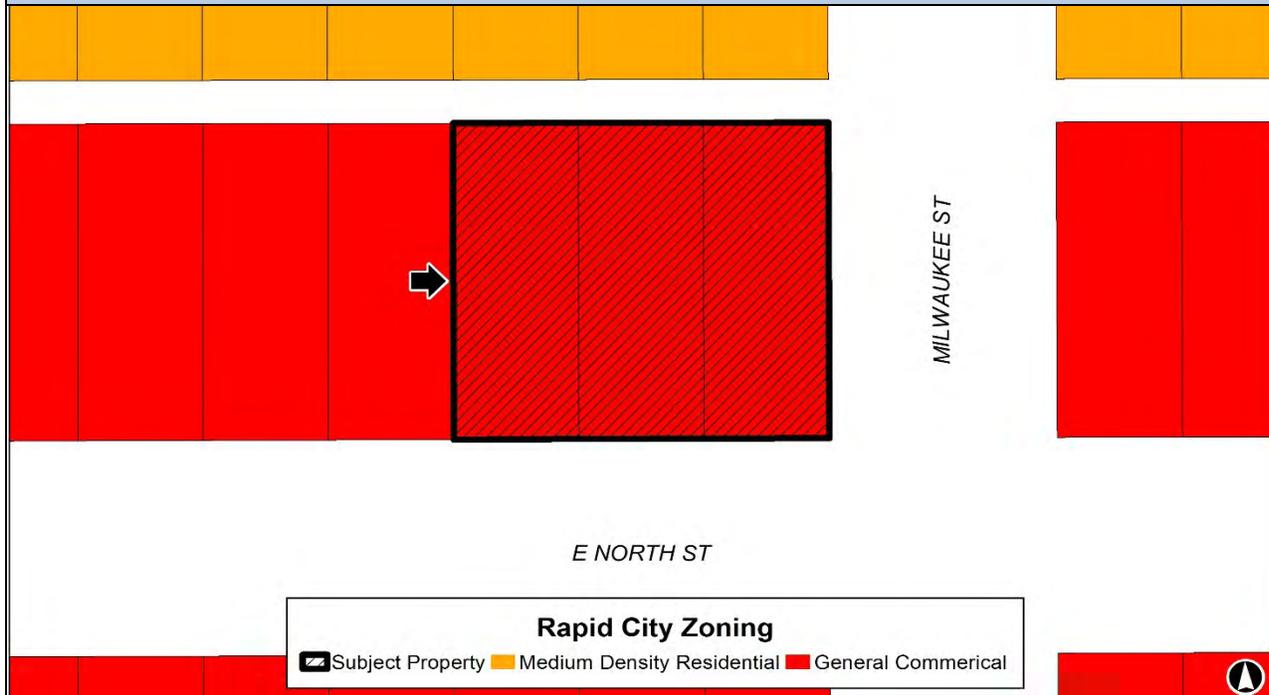

<b>Item #26</b>	
<b>Applicant Request(s)</b>	
Case #21UR051 – Conditional Use Permit to allow a Medical Cannabis Dispensary	
<b>Development Review Team Recommendation(s)</b>	
Staff recommends that the Conditional Use Permit to allow a Medical Cannabis Dispensary be approved with the stipulations as outlined below.	
<b>Project Summary Brief</b>	
<p>The applicant has submitted a Conditional Use Permit application to allow a medical cannabis dispensary at 230 E. North Street. There is currently a 1,500 square-foot commercial building operating as a casino located on the property. The applicant has indicated that the medical cannabis dispensary, to be known as Genesis Farms, will be open Monday through Saturday from 10:00 a.m. to 8:00 p.m.</p> <p>Pursuant to SDCL 34-20G, the City of Rapid City adopted Ordinances to regulate the time, place, manner and number of medical cannabis establishments within the City. The adopted Ordinances are intended to balance the varied interests and lessen any potentially deleterious effects on neighboring properties for what will be a new use of property within the City of Rapid City. The City also adopted an Ordinance limiting the number of licenses to be issued for medical cannabis dispensaries to 15 licenses to ensure that there is not a saturation of use within our community. The proposed State regulations require that all medical cannabis establishments be a minimum distance of 1,000 feet from public or private schools. The adopted City Ordinance includes language to promote separation between other specific uses to minimize the impact and preserve the character of the neighborhood. More specifically, a medical cannabis dispensary is a permitted use within the General Commercial District unless it is located within 500 feet of a childcare center, church, public park, or property zoned as a residential district. In these instances, a Conditional Use Permit is required.</p> <p>The subject property is zoned General Commercial District but is located adjacent to a residential zoning district. As such, the applicant has submitted this Conditional Use Permit application for the review and approval by the Planning Commission. In reviewing this location, the Planning Commission must determine if the proposed use is adequately buffered from the residential zoning district to ensure that the use at this location does not create a saturation of similar uses within this area of our community.</p>

• # of ADA spaces		1	1
Signage		As per Sign Code	As per Sign Code
Fencing		As per RCMC Chapter 17.50.150	Chain Link with slats along rear property line

Planning Commission Criteria and Findings for Approval or Denial	
Pursuant to Section 17.50.105 of the Rapid City Municipal Code the Planning Commission shall consider the following criteria for a request to allow a medical cannabis dispensary:	
Criteria	Findings
1. The property shall not be located within 1,000 feet of a public or private school:	Pursuant to South Dakota Codified Law (SDCL) 34-20G, the use shall not be allowed within 1,000 feet of a public or private school. The City does not have the authority to waive this requirement. Upon review of this location, it has been determined that the use is not located within 1,000 feet of a public or private school.
2. The dispensary shall be operated completely within an enclosed structure:	The applicant has submitted an operational plan identifying that the dispensary will be operated completely within an enclosed structure.
3. The applicant shall submit the following plans demonstrating compliance with all applicable laws, regulations, administrative rules, and ordinances, including but not limited to § 17.50.105: a) an operating plan; b) a waste management plan; c) a security plan and d) an odor control plan:	Operational Plan - The applicant has indicated that the dispensary will be open daily from 10:00 a.m. to 8:00 p.m., Monday through Saturday. Each prospective employee will be required to pass a criminal history background check.  Security Plan - The plan identifies that the establishment will be furnished with commercial grade locking devices. In addition, camera monitoring and alarm systems, which include a failure notification system, will be installed in accordance with State regulations.  Waste Management Plan - The applicant will collect, store, and prepare non-hazardous medical cannabis waste. In particular, waste will be segregated, rendered unrecognizable and unfit, and documented in accordance with South Dakota law. Waste handling procedures include protocols that include grinding and mixing waste with at

	<p>least 50 percent of other waste resulting in a mixture containing not less than 50 percent non-medical cannabis waste.</p> <p>Odor Control Plan - The plan identifies that the facility's interior building design includes, among other features, high-efficiency heating, ventilation, and air conditioning units with activated carbon filtration for odor control. These systems are designed to prevent the detection of cannabis odors outside of the premises.</p>
4. The dispensary shall comply with all requirements of the Fire Code adopted as Chapter 8.24 of the Rapid City Municipal Code:	The Fire Department has noted that the applicant must contact the Rapid City Fire Department, Fire and Life Safety Division for guidance and assistance to determine the specific needs for this building. If the building is not currently equipped with the required protective features, a corrective plan of action must be developed in coordination with the Fire Department. All corrective actions and timeframes will be secured with a covenant agreement prepared by the Rapid City Attorney's Office. Such covenant must be established prior to issuance of a certificate of occupancy.
5. The property shall not be located within 500 feet of a childcare center, church, public park, or property zoned as a residential district. If this separation cannot be met, then a Conditional Use Permit shall be required:	It is the purpose of this section to regulate medical cannabis establishments to promote the health, safety, and general welfare of the citizens of Rapid City, and to establish reasonable and uniform regulations to allow medical cannabis land uses in appropriate areas without harm to the city's residential, commercial, and industrial neighborhoods. As previously noted, the subject property is located adjacent to a residential district, but is separated by a 6-foot high chain link fence with slats and an alley. The entrance and signage of the proposed dispensary will not be visible from the adjacent residential district.
6. The proposed use has been reviewed under Chapter 17.54.030(E) Conditional Use Permit Criteria for Review:	See below
<b>Planning Commission Criteria and Findings for Approval or Denial</b>	
<b>Pursuant to Section 17.54.030(E) of the Rapid City Municipal Code the Planning Commission shall consider the following criteria:</b>	
1. The location, character and natural features of the property:	The property is approximately 0.36 acres in size and is located at 230 E. North Street. The property is zoned General Commercial District and is currently developed with a 1,500 square-foot commercial building.
2. The location, character and design of adjacent buildings:	The properties to the east, west, and south are zoned General Commercial District and are developed with commercial buildings. The property to the north is zoned Medium Density Residential District and is developed as a 3 story apartment building.
3. Proposed fencing, screening and landscaping:	The applicant is not proposing any new fencing or screening. The addition of an opaque screening fence between the proposed medical cannabis dispensary and the existing apartment building to the north is suggested. The applicant is proposing to provide landscaping that exceeds the minimum required landscape points.

4. Proposed vegetation, topography and natural drainage:	The property is primarily flat. Utilizing an existing structure for the location of the proposed dispensary does not alter the existing topography or drainage on the property.
5. Proposed pedestrian and vehicular access, circulation and parking, including that related to bicycles and other unpowered vehicles and provisions for handicapped persons:	Vehicular access to the proposed medical cannabis dispensary is from E. North Street, a Principal Arterial street on the City's Major Street Plan. The applicant's parking plan identifies sufficient parking for the proposed use. The property is located in an existing commercial corridor with sidewalks for pedestrian access.
6. Existing traffic and traffic to be generated by the proposed use:	The subject property is located within a commercial corridor along E. North Street with an existing street design to accommodate the commercial traffic. A 1,500 square-foot medical cannabis dispensary will have a minimal impact on traffic at this location.
7. Proposed signs and lighting:	No electronic signage is being approved as a part of the Conditional Use Permit application. Wall signage is proposed in compliance with the Rapid City Municipal Code.
8. The availability of public utilities and services:	The property is currently served by public utilities including Rapid City sewer and water.
9. The objectives of the adopted comprehensive plan and the purpose of the ordinance codified herein:	The property is zoned General Commercial District. A dispensary within 500 feet of a childcare center, church, public park, or property zoned as a residential district is identified as a conditional use in the district. As previously noted, the subject property is located adjacent to a residential district. The proposed dispensary is separated from the residential use by a 6-foot high chain link fence with slats and the alley. The back of the proposed dispensary faces the back of the existing apartment building, and no signage will be visible from the residential use.
10. The overall density, yard, height and other requirements of the zone in which it is located:	No additional structural development is being proposed. The existing development located on the property is in compliance with the overall density, yard and height requirements of the Zoning Ordinance.
11. The effects of noise, odor, smoke, dust, air, and water pollution and the degree of control through the use of clarifiers, screening, setbacks and orientation:	Pursuant to the City's Medical Cannabis Establishment Ordinance, the applicant has submitted a waste management plan and an odor control plan. The waste management plan must be continually monitored to ensure the security of waste handling. In addition, The odor control plan must be continually monitored to ensure that all ventilation, odor abatement, and any other measures are taken to prevent nuisances. The premises must be properly ventilated and the exhaust air filtered or treated to neutralize the odor from cannabis so that the odor cannot be detected by a person with a normal sense of smell at the property line of the premises or on any adjoining property. No operable windows or exhaust vents shall be located on the building façade that abuts a residential use or zone. Exhaust vents on rooftops must direct exhaust away from residential uses or zones.
12. The degree to which conditions imposed will mitigate any probable adverse impacts of the proposed use on existing adjacent uses:	The stipulations of approval will ensure that the proposed medical cannabis dispensary is operated in compliance with the submitted operational plan and that any expansion of use will require a Major Amendment to the Conditional Use Permit.

**Planning Commission Comprehensive Plan Policy Guidance for Approval or Denial**

**In considering an application for approval or denial the Planning Commission finds that the application either complies or does not comply with the following values, principles, goals, and policies within the Rapid City Comprehensive Plan:**

**Comprehensive Plan Conformance – Core Values Chapters**

**A Balanced Pattern of Growth**

BPG-3.1A	Support a balanced mix of residential, commercial, employment, public uses, parks and green space throughout the community. A medical cannabis dispensary in this location encourages the geographic distribution of use across the City.
----------	---

**A Vibrant, Livable Community**

LC-3.1C	Compatible Infill and Redevelopment – This goal encourages compatible infill development to take advantage of existing infrastructure and to encourage additional upkeep and reinvestment. A medical cannabis dispensary at this location in an existing commercial building will meet this goal.
---------	---

**A Safe, Healthy, Inclusive, and Skilled Community**

N/A	N/A
-----	-----

**Efficient Transportation and Infrastructure Systems**

TI-2.1A	Major Street Plan Integration: The subject property abuts a Principal Arterial street on the City’s Major Street Plan. This area is a developed commercial corridor with the potential for reinvestment of properties along the corridor.
---------	---

**Economic Stability and Growth**

EC-3.1C	Other Employment Areas: This goal encourages the development, redevelopment, and reinvestment in an array of employment opportunities in mixed-use commercial areas. A medical cannabis dispensary brings additional employment opportunities to the area.
---------	--

**Outstanding Recreational and Cultural Opportunities**

N/A	N/A
-----	-----

**Responsive, Accessible, and Effective Governance**

GOV-2.1A	<b>Public Input Opportunities:</b> The proposed Conditional Use Permit requires that public notice be advertised in the newspaper and that mailings are sent to property owners within 250 feet of the proposed development. The requested Conditional Use Permit is before the Planning Commission for review and approval. The public has an opportunity to provide input at this meeting.
----------	--

**Comprehensive Plan Conformance – Growth and Reinvestment Chapter**

<b>Future Land Use Plan Designation(s):</b>	Mixed-Use Commercial
<b>Design Standards:</b>	
GDP-MU9	Adaptive Reuse: The proposed Conditional Use Permit to allow a medical cannabis dispensary at an existing building supports the Comprehensive Plan goal of adaptive reuse.

**Comprehensive Plan Conformance – Neighborhood Area Policies Chapter**

<b>Neighborhood:</b>	North Rapid Neighborhood Area
<b>Neighborhood Goal/Policy:</b>	
N/A	N/A

<b>Findings</b>
Staff has reviewed the Conditional Use Permit to allow a medical cannabis dispensary pursuant to Chapter 17.18, Chapter 17.50.105 and Chapter 17.54.030 of the Rapid City Municipal Code and the goals, policies, and objectives of the adopted Comprehensive Plan. The subject property is located adjacent to a residential district. The proposed dispensary is separated from the residential use by a 6-foot high chain link fence with slats and the alley. The back of the proposed dispensary faces the back of the existing apartment building, and no signage will be visible from the residential use. On November 24, 2021, Planning Commission approved a Conditional Use Permit to allow a medical cannabis dispensary at 918 E. North Street, which is approximately 3,150 feet from the subject property.

<b>Planning Commission Recommendation and Stipulations of Approval</b>	
Staff recommends that the Conditional Use Permit be approved with the following stipulation(s):	
1.	Prior to issuance of a building permit, a medical cannabis dispensary license shall be secured from the South Dakota Department of Health;
2.	Prior to issuance of a building permit, the applicant shall coordinate with the Rapid City Fire Department Fire and Life Safety Division to establish a plan with acceptable time frames to provide an approved fire sprinkler protection and associated fire alarm systems designed and installed as per NFPA 13 and NFPA 72, respectively, and shall be provided throughout the building containing the cannabis related activity. Where applicable, a covenant agreement addressing the fire protection system installation, shall be entered into prior to issuance of a certificate of occupancy;
3.	The waste management plan shall be continually monitored to ensure the security of waste handling;
4.	The security plan shall be continually monitored to ensure that all areas and operation of the medical cannabis dispensary are provided 24/7 surveillance and recovery of video shall be provided as needed;
5.	The odor control plan shall be continually monitored to ensure that all ventilation, odor abatement, and any other measures are taken to prevent nuisances. The premises shall be properly ventilated and the exhaust air filtered or treated to neutralize the odor from cannabis so that the odor cannot be detected by a person with a normal sense of smell at the property line of the premises or on any adjoining property. No operable windows or exhaust vents shall be located on the building façade that abuts a residential use or zone. Exhaust vents on rooftops shall direct exhaust away from residential uses or zones;
6.	All signage shall meet the requirements of the Rapid City Sign Code. A sign permit shall be obtained for each sign. No Light Emitting Diode (LED) message centers are being approved as a part of this request. The inclusion or addition of any LED message centers shall require a Major Amendment to the Conditional Use Permit; and,
7.	The Conditional Use Permit shall allow a medical cannabis dispensary at the location proposed. The medical cannabis dispensary shall be operated in compliance with the approved operational plan and in compliance with all City and State regulations. Any expansion of the medical cannabis establishment shall require a Major Amendment to the Conditional Use Permit. Permitted uses within the General Commercial District in compliance with the Parking Ordinance shall be allowed with a building permit. Any conditional use shall require the review and approval of a Major Amendment to the Conditional Use Permit.
