*34. No. 21UR028 - Gateway Addition

A request by Puffy's LLC to consider an application for a Conditional Use Permit to allow a medical cannabis dispensary for parcel 147 feet square in the SE corner less Lot H1 of Block 18 of Gateway Addition, located in Section 35, T2N, R7E, BHM, Rapid City, Pennington County, South Dakota, more generally described as being located at 1401 West Omaha, Unit 100.

Brennan presented the application and reviewed the associated slides. Brennan noted that this application is also a multi-unit request within one property with suite 100 and 200 being proposed (21UR029). Brennan noted that this is a Conditional Use Permit due to the park located across the street but staff feels that the street between the property and the park provides adequate separation. Brennan stated that based on the discussion from the previous applications staff recommends approval of both Conditional Use Permit to allow a medical cannabis dispensary with the stipulations outlined in 21UR028 and the additional stipulation that only one dispensary be shall be allowed to be operated from this legally described property.

In response to a question from Caesar on Department of Transportation issues on the property, Brennan clarified there is no right-of-way issue as the previous issues with the property have been addressed by the adjustment of the existing building.

Bulman moved, Caesar seconded and the Planning Commission approved the Conditional Use Permit to allow a medical cannabis dispensary with the following stipulations:

1. Only one building permit shall be issued to allow one Medical Cannabis Dispensary to be operated on this legally described property;
2. Prior to issuance of a building permit, a medical cannabis dispensary license shall be secured from the South Dakota Department of Health;
3. Prior to issuance of a building permit, the applicant shall coordinate with the Rapid City Fire Department Fire and Life Safety Division to
establish a plan with acceptable time frames to provide an approved fire sprinkler protection and associated fire alarm systems designed and installed as per NFPA 13 and NFPA 72, respectively, and shall be provided throughout the building containing the cannabis related activity. Where applicable, a covenant agreement addressing the fire protection system installation, shall be entered into prior to issuance of a certificate of occupancy;

4. The waste management plan shall be continually monitored to ensure the security of waste handling;

5. The security plan shall be continually monitored to ensure that all areas and operation of the medical cannabis dispensary are provided 24/7 surveillance and recovery of video shall be provided as needed;

6. The odor control plan shall be continually monitored to ensure that all ventilation, odor abatement, and any other measures are taken to prevent nuisances. The premises shall be properly ventilated and the exhaust air filtered or treated to neutralize the odor from cannabis so that the odor cannot be detected by a person with a normal sense of smell at the property line of the premises or on any adjoining property. No operable windows or exhaust vents shall be located on the building façade that abuts a residential use or zone. Exhaust vents on rooftops shall direct exhaust away from residential uses or zones;

7. All signage shall meet the requirements of the Rapid City Sign Code. A sign permit shall be obtained for each sign. No Light Emitting Diode (LED) message centers are being approved as a part of this request. The inclusion or addition of any LED message centers shall require a Major Amendment to the Conditional Use Permit; and

8. The Conditional Use Permit shall allow a medical cannabis dispensary at the location proposed. The medical cannabis dispensary shall be operated in compliance with the approved operational plan and in compliance with all City and State regulations. Any expansion of the medical cannabis establishment shall require a Major Amendment to the Conditional Use Permit. Permitted uses within the General Commercial District in compliance with the Parking Ordinance shall be allowed with a building permit. Any conditional use shall require the review and approval of a Major Amendment to the Conditional Use Permit. (6 to 0 with Braun, Bulman, Caesar, Golliher, Quasney and Vidal voting yes and none voting no)

The Rapid City Planning Commission’s action on this item is final unless any party appeals that decision to the Rapid City Council. All appeals must be submitted in writing to the Department of Community Development by close of business on the seventh full calendar day following action by the Planning Commission.
