Memo to: Mayor Steve Allender and City Council

From: Lindsey Myers, Parks & Recreation Specialist

Date: May 2, 2022

Subject: 2022 South Dakota Department of Health West Nile Virus Grant

The Rapid City Parks & Recreation Department is requesting City Council authorization to apply for and accept, if awarded, the 2022 South Dakota Department of Health West Nile Virus Grant. This is a grant the Rapid City Parks Department has received the last six years and provides support to spray and for this virus as we know it prevents a significant threat to the public's health.

The grant requires no funding match from the City. The 2022 South Dakota Department of Health West Nile Virus Grant awards will range from \$500 to \$20,000, which will allow the Parks Department to spray for the West Nile Virus.

Should you have concerns regarding this matter, you can contact Scott Anderson at your convenience. I'm requesting your approval to accept the grant if it is awarded.

Sincerely,

Lindsey Myers
