

**Agreement Between City of Rapid City and FMG Engineering, for Final Design
and Bidding Professional Services for Wildwood Drive Reconstruction – Phase 2,
Project No. 19-2506 / CIP 51003**

AGREEMENT made _____, 20____, between the City of Rapid City, SD (City) and FMG Engineering, (Engineer), located at 3700 Sturgis Road, Rapid City, SD 57702. City intends to obtain services for final design and bidding for Wildwood Drive Reconstruction – Phase 2, Project No. 19-2506 / CIP No. 51003. The scope of services is as described within this document and as further described in Exhibits A, B and C (attached).

The City and the Engineer agree as follows:

The Engineer shall provide professional engineering services for the City in all phases of the Project and as further defined in Exhibits A, B and C (attached), serve as the City’s professional engineering representative for the Project, and give professional engineering consultation and advice to the City while performing its services.

Section 1—Basic Services of Engineer

1.1 General

- 1.1.1 The Engineer shall perform professional services described in this agreement, which include customary engineering services. Engineer intends to serve as the City’s professional representative for those services as defined in this agreement and to provide advice and consultation to the City as a professional. Any opinions of probable project cost, approvals, and other decisions provided by Engineer for the City are rendered on the basis of experience and qualifications and represent Engineer’s professional judgment.
- 1.1.2 All work shall be performed by or under the direct supervision of a professional Engineer licensed to practice in South Dakota.
- 1.1.3 All documents including Drawings and Specifications provided or furnished by Engineer pursuant to this Agreement are instruments of service in respect of the Project and Engineer shall retain an ownership therein. Reuse of any documents pertaining to this project by the City on extensions of this project or on any other project shall be at the City’s risk. The City agrees to defend, indemnify, and hold harmless Engineer from all claims, damages, and expenses including attorney’s fees arising out of such reuse of the documents by the City or by others acting through the City.
- 1.1.4 The contract will be based on an hourly rate and reimbursable fee schedule with a maximum not-to-exceed amount.

1.2 Scope of Work

The Engineer shall:

- 1.2.1 Consult with the City, other agencies, groups, consultants, and/or individuals to clarify and define requirements for the Project and review available data.
- 1.2.2 Perform the tasks described in the Scope of Services. (See Exhibit A.)
- 1.2.3 Conduct a location survey of the Project to the extent deemed necessary to provide adequate site information.
- 1.2.4 Prepare a report presenting the results of the study as outlined in the scope of services.

Section 2—Information Provided by City

The City will provide any information in its possession for the project at no cost to the Engineer.

Section 3—Notice to Proceed

The City will issue a written notification to the Engineer to proceed with the work. The Engineer shall not start work prior to receipt of the written notice. The Engineer shall not be paid for any work performed prior to receiving the Notice to Proceed.

Section 4—Mutual Covenants

4.1 General

- 4.1.1 The Engineer shall not sublet or assign any part of the work under this Agreement without written authority from the City.
- 4.1.2 The City and the Engineer each binds itself and partners, successors, executors, administrators, assigns, and legal representatives to the other party to this agreement and to the partners, successors, executors, administrators, assigns, and legal representatives of such other party, regarding all covenants, agreements, and obligations of this agreement.
- 4.1.3 Nothing in this agreement shall give any rights or benefits to anyone other than the City and the Engineer.

- 4.1.4 This agreement constitutes the entire agreement between the City and the Engineer and supersedes all prior written or oral understandings. This agreement may only be amended, supplemented, modified, or canceled by a duly executed written instrument.
- 4.1.5 The Engineer shall make such revisions in plans which may already have been completed, approved, and accepted by the City, as are necessary to correct Engineer's errors or omissions in the plans, when requested to do so by the City, without extra compensation therefore.
- 4.1.6 If the City requests that previously satisfactorily completed and accepted plans or parts thereof be revised, the Engineer shall make the revisions requested by the City. This work shall be paid for as extra work.
- 4.1.7 If the City changes the location from the one furnished to the Engineer, or changes the basic design requiring a new survey for the portions so changed, the redesign will be paid for as extra work.
- 4.1.8 The City may at any time by written order make changes within the general scope of this Agreement in the work and services to be performed by the Engineer. Any changes which materially increase or reduce the cost of or the time required for the performance of the Agreement shall be deemed a change in the scope of work for which an adjustment shall be made in the Agreement price or of the time for performance, or both, and the Agreement shall be modified in writing accordingly. Additional work necessary due to the extension of project limits shall be paid for as extra work.
- 4.1.9 Extra work, as authorized by the City, will be paid for separately and be in addition to the consideration of this Section.
- 4.1.10 For those projects involving conceptual or process development services, activities often cannot be fully defined during the initial planning. As the project does progress, facts and conditions uncovered may reveal a change in direction that may alter the scope of services. Engineer will promptly inform the City in writing of such situations so that changes in this agreement can be renegotiated.
- 4.1.11 This Agreement may be terminated (a) by the City with or without cause upon seven days' written notice to the Engineer and (b) by the Engineer for cause upon seven days' written notice to the City. If the City terminates the agreement without cause, the Engineer will be paid for all services rendered and all reimbursable expenses incurred prior to the date of termination.

If termination is due to the failure of the Engineer to fulfill its agreement obligations, the City may take over the work and complete it. In such case, the Engineer shall be liable to the City for any additional cost to the extent directly resulting from Engineer's action.

- 4.1.12 The City or its duly authorized representatives may examine any books, documents, papers, and records of the Engineer involving transactions related to this agreement for three years after final payment. All examinations will be performed at reasonable times, with proper notice. Engineer's documentation will be in a format consistent with general accounting procedures.
- 4.1.13 The City shall designate a representative authorized to act on the City's behalf with respect to the Project. The City or such authorized representative shall render decisions in a timely manner pertaining to documents submitted by the Engineer in order to avoid unreasonable delay in the orderly and sequential progress of the Engineer's services.
- 4.1.14 Costs and schedule commitments shall be subject to renegotiation for delays caused by the City's failure to provide specified facilities or information or for delays caused by other parties, excluding sub-contractors and sub-consultants, unpredictable occurrences including without limitation, fires, floods, riots, strikes, unavailability of labor or materials, delays or defaults by suppliers of materials or services, process shutdowns, acts of God, or the public enemy, or acts of regulations of any governmental agency or any other conditions or circumstances beyond the control of the City or Engineer. Temporary delays of services caused by any of the above which results in additional costs beyond those outlined may require renegotiation of this agreement.
- 4.1.15 The City will give prompt written notice to the Engineer if the City becomes aware of any fault or defect in the Project or nonconformance with the Project Documents.
- 4.1.16 Unless otherwise provided in this Agreement, the Engineer and the Engineer's consultants shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to hazardous materials in any form at the project site, including but not limited to asbestos products, polychlorinated biphenyl (PCB), or other toxic substances.
- 4.1.17 In the event asbestos or toxic materials are encountered at the jobsite, or should it become known in any way that such materials

may be present at the jobsite or any adjacent areas that may affect the performance of Engineer's services, Engineer may, at their option and without liability for consequential or any other damages, suspend performance of services on the project until the City retains appropriate specialist CONSULTANT(S) or contractor(s) to identify, abate, and/or remove the asbestos or hazardous or toxic materials.

- 4.1.18 This agreement, unless explicitly indicated in writing, shall not be construed as giving Engineer the responsibility or authority to direct or supervise construction means, methods, techniques, sequences, or procedures of construction selected by any contractors or subcontractors or the safety precautions and programs incident to the work of any contractors or subcontractors.
- 4.1.19 Neither the City nor the Engineer, nor its Consultants, shall hold the other liable for any claim based upon, arising out of, or in any way involving the discharge, dispersal, release or escape of smoke, vapors, soot, fumes, acids, alkalis, toxic chemicals, liquids, or gases, waste materials, or other irritants, contaminants, or pollutants.
- 4.1.20 Neither the City nor the Engineer, nor its Consultants, shall hold the other liable for any claim based upon, arising out of, or any way involving the specification or recommendation of asbestos, in any form, or any claims based upon use of a product containing asbestos.
- 4.1.21 Engineer hereby represents and warrants that it does not fail or refuse to collect or remit South Dakota or City sales or use tax for transactions which are taxable under the laws of the State of South Dakota.

4.2 City of Rapid City NonDiscrimination Policy Statement

In compliance with Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination act of 1975, the Americans with Disabilities Act of 1990, and other nondiscrimination authorities it is the policy of the City of Rapid City, 300 Sixth Street, Rapid City, SD 57701-5035, to provide benefits, services, and employment to all persons without regard to race, color, national origin, sex, disabilities/handicaps, age, or income status. No distinction is made among any persons in eligibility for the reception of benefits and services provided by or through the auspices of the City of Rapid City.

Engineer will permit access to any and all records pertaining to hiring and employment and to other pertinent data and records for the purpose of enabling the Commission, its agencies or representatives, to ascertain compliance with the above provisions.

This section shall be binding on all subcontractors or suppliers.

Section 5—Payments to the Engineer

5.1 Schedule of Pay Rates

The City will pay the Engineer for services rendered or authorized extra work according to the Engineer's hourly and reimbursable rate schedule described in Exhibit C.

5.2 Fee

The maximum amount of the fee for the services as detailed in Section 1.2 shall not exceed **\$252,700.00** unless the scope of the project is changed as outlined in Section 4. If expenses exceed the maximum amount, the Engineer shall complete the design as agreed upon here without any additional compensation. Sub task dollar amounts may be reallocated to other tasks as long as the total fee is not exceeded. Prime consultant may not mark up sub-consultant or sub-contractor services.

5.3 Progress Payments

Monthly progress payments shall be processed by the City upon receipt of the claim as computed by the Engineer based on work completed during the month per the hourly rates and allowable reimbursable as established in Section 5.1 and approved by the City.

Net payment to the Engineer shall be due within forty-five (45) days of receipt by the City.

Section 6—Completion of Services

The Engineer shall complete services on or before April 30, 2023, based on award date of May 16, 2022.

Section 7—Insurance Requirements

7.1 Insurance Required

The Engineer shall secure the insurance specified below. The insurance shall be issued by insurance company(s) acceptable to the City and may be in a policy or policies of insurance, primary or excess. Certificates of all required insurance including any policy endorsements shall be provided to the City prior to or upon the execution of this Agreement.

7.2 Cancellation

The Engineer will provide the City with at least 30 days' written notice of an insurer's intent to cancel or not renew any of the insurance coverage. The Contractor agrees to hold the City harmless from any liability, including additional premium due because of the Contractor's failure to maintain the coverage limits required.

7.3 City Acceptance of Proof

The City's approval or acceptance of certificates of insurance does not constitute City assumption of responsibility for the validity of any insurance policies nor does the City represent that the coverages and limits described in this agreement are adequate to protect the Engineer, its consultants or subcontractors interests, and assumes no liability therefore. The Engineer will hold the City harmless from any liability, including additional premium due, because of the Engineer's failure to maintain the coverage limits required.

7.4 Specific Requirements

7.4.1 Workers' compensation insurance with statutory limits required by South Dakota law. Coverage B-Employer's Liability coverage of not less than \$500,000 each accident, \$500,000 disease-policy limit, and \$500,000 disease-each employee.

7.4.2 Commercial general liability insurance providing contractual, personal injury, bodily injury and property damage liability coverage with limits of not less than \$1,000,000 per occurrence, \$2,000,000 general aggregate, and \$2,000,000 aggregate products and completed operations. If the occurrence form is not available, claims-made coverage may be provided. Claims-made coverage shall continue through the term of this Agreement, and Engineer shall purchase at its sole expense either 1) an Extended Reporting Endorsement (also known as Tail Coverage); or 2) Prior Dates Coverage from new insurer with a retroactive date back to the date of, or prior to, the inception of this Agreement; or 3) shall demonstrate through Certificates of Insurance that Engineer has maintained continuous coverage with the same or original insurer. Coverage provided under items 1), 2), or 3) will continue for at least a period of three years after completion of the terms of this Agreement. The policy shall name the City and its representatives as an additional insured.

7.4.3 Automobile liability insurance covering all owned, nonowned, and hired automobiles, trucks, and trailers. The coverage shall be at least as broad as that found in the standard comprehensive automobile liability policy with limits of not less than \$1,000,000 combined single

limit each occurrence. The required limit may include excess liability (umbrella) coverage. The policy shall name the City and its representatives as an additional insured.

- 7.4.4 Professional liability insurance providing coverage for claims arising from the negligent acts, errors or omissions of the Engineer or its consultants, of not less than \$1,000,000 each occurrence and not less than \$1,000,000 annual aggregate. Coverage shall be maintained for at least three years after final completion of the services. If this policy provides for claims-made coverage, the claims-made coverage shall continue through the term of this Agreement, and Engineer shall purchase at its sole expense either 1) an Extended Reporting Endorsement (also known as Tail Coverage); or 2) Prior Dates Coverage from new insurer with a retroactive date back to the date of, or prior to, the inception of this Agreement; or 3) shall demonstrate through Certificates of Insurance that Engineer has maintained continuous coverage with the same or original insurer. Coverage provided under items 1), 2), or 3) will continue for at least a period of three years after completion of the terms of this Agreement.

Section 8—Hold Harmless

The Engineer hereby agrees to hold the City harmless from any and all claims or liability including attorneys' fees arising out of the professional services furnished under this Agreement, and for bodily injury or property damage arising out of services furnished under this Agreement, providing that such claims or liability are the result of a negligent act, error or omission of the Engineer and/or its employees/agents arising out of the professional services described in the Agreement.

Section 9—Independent Business

The parties agree that the Engineer operates an independent business and is contracting to do work according to his own methods, without being subject to the control of the City, except as to the product or the result of the work. The relationship between the City and the Engineer shall be that as between an independent contractor and the City and not as an employer-employee relationship. The payment to the Engineer is inclusive of any use, excise, income or any other tax arising out of this agreement.

Section 10-Indemnification

If this project involves construction and Engineer does not provide consulting services during construction including, but not limited to, onsite monitoring, site visits, site observation, shop drawing review and/or design clarifications, City agrees to indemnify and hold harmless Engineer from any liability arising from the construction activities

undertaken for this project, except to the extent such liability is caused by Engineer's negligence.

Section 11-Controlling Law and Venue

This Agreement shall be subject to, interpreted and enforced according to the laws of the State of South Dakota, without regard to any conflicts of law provisions. Parties agree to submit to the exclusive venue and jurisdiction of the State of South Dakota, 7th Judicial Circuit, Pennington County.

Section 12-Severability

Any unenforceable provision herein shall be amended to the extent necessary to make it enforceable; if not possible, it shall be deleted and all other provisions shall remain in full force and effect.

Section 13—Funds Appropriation

If funds are not budgeted or appropriated for any fiscal year for services provided by the terms of this agreement, this agreement shall impose no obligation on the City for payment. This agreement is null and void except as to annual payments herein agreed upon for which funds have been budgeted or appropriated, and no right of action or damage shall accrue to the benefit of the Engineer, its successors or assignees, for any further payments. For future phases of this or any project, project components not identified within this contract shall not constitute an obligation by the City until funding for that component has been appropriated.

IN WITNESS WHEREOF, the parties hereto have made and executed this Agreement as of the day and year first above written.

SCOPE OF SERVICES
FOR
TASKS 2 AND 3
FINAL DESIGN AND BIDDING SERVICES
WILDWOOD DRIVE RECONSTRUCTION – PHASE 2
PROJECT NO. 19-2506 / CIP 51003

Preliminary design (Task 1) for the above referenced project was completed under the Wildwood Area Reconstruction projects (19-2504/CIP 51004). The City of Rapid City hereafter referred to as the “Owner” has determined the need to procure professional services for Final Design and Bidding Services (Tasks 2 and 3) for the Wildwood Drive Reconstruction – Phase 2 breakout project. Basic Construction Services and Expanded Construction Services may be negotiated with FMG Engineering at a later date as a separate contract(s).

The project includes the reconstruction of Wildwood Drive (South) from Una Del Drive to approximately 500 feet west of Alpine Court along with Vanishing Trail Court, Greenleaf Court, and Alpine Court. The project components include roadway grading, sanitary sewer main, water mains, asphalt paving, drainage, traffic control, erosion and sediment control, permanent signing, and right-of-way acquisition.

FMG Engineering will provide the following services for all civil related work.

Design shall be completed using the latest edition of the Rapid City Standard Specifications.

It is anticipated that the improvements will include the following (based on the Preliminary Design Report):

1. Provide complete roadway reconstruction of Wildwood Drive from Una Del Drive to west of Alpine Court including Vanishing Trail Court, Greenleaf Court, and Alpine Court. The roadway sections will be 2-10' lanes with 2' shoulders, ditches, fill slopes, and curb and gutter as required for drainage and grading. All improvements shall have a design speed of 25 mph.
2. Provide 16" PVC water main within Wildwood Drive. Provide 8" PVC water mains within Vanishing Trail Court and Alpine Court. Connect the 16" PVC water main to the existing 10" water main in Wildwood Drive and the western limits of the project.
3. Provide a 1 3/4" HDPE sanitary sewer force main within Vanishing Trail Court and Alpine Court. Discharge the sanitary sewer force main into the 8" PVC sanitary sewer main in Wildwood Drive.
4. Provide 8" PVC sanitary sewer main within Wildwood Drive.
5. Provide sanitary and water services to the property line for all properties.
6. Provide additional storm sewer and improve culvert crossings within the project.
7. Provide curb and gutter and/or retaining walls at locations within the project where it is deemed necessary for grading and/or drainage purposes.

8. Provided requirements for temporary services within the plans and specifications.
9. Provide documents to abandon the Greenleaf right-of-way.
10. Provide property deeds and easement documents for any necessary temporary and/or permanent easements. The City will draft the necessary easement documents.

Tasks to be completed with final design services include:

1. Develop complete set of plans for bidding including, grading, utilities, traffic control, surfacing, erosion and sediment control, drainage improvements, and permanent signing.
2. Act as the City's agent for easement negotiations and acquisition for residential properties. Develop plats and exhibits for all permanent and temporary easement acquisition needs.

TASK 2 - FINAL DESIGN SERVICES:

This task consists of all services necessary to take project from Task 1 Preliminary Design Services through the Final Design Services and may include the following itemized services.

- 2.1 If changes are made in final design of this project, an addendum will be issued for the "Project Design Report."
- 2.2 The consultant shall create a detailed list of all potential utility conflicts caused by the project. City Project Manager shall schedule the Private Utility Coordination Meeting. The consultant shall prepare the meeting agenda and include the list of utility conflicts for discussion at the meeting. If a private utility intends to replace their infrastructure, the consultant shall coordinate a location corridor for the utilities and show the proposed location on the drawings. Indicate if the private utilities intend to abandon or replace the infrastructure prior to or during this project's construction. Coordinate directly with utility companies' engineering divisions to ensure that all existing utilities are completely and accurately identified and located in the field; that pertinent information regarding depth, material, size, etc. are noted on the plans; and that conflicts requiring relocation of utilities or special construction techniques are fully specified in the contract documents. Prior to the meeting, preliminary plans shall be provided to the pertinent utilities for comment at the time they are complete. The consultant shall document the resolution of each utility conflict agreed upon by each utility company.
- 2.3 Provide the City Project Manager a list of all private utility conflict resolutions. If private utilities will need to be relocated, assist PM as necessary with formal notification.
- 2.4 Engineer shall obtain a design exception for Infrastructure Design Criteria manual requirements and Standard Specifications as needed. Exceptions to the Standard Specifications shall be documented on the General Notes sheet of the construction plans. The table shall include the following:
 - City Exception File Number
 - Specification Section
 - Description
 - Stipulations

2.5 Provide Complete Plans (11x17 format) and Specifications. It is anticipated the complete plans and specification will include the following:

- Project Manual Milestones, Special Bid Conditions, and Bidders Proposal
- Provide detailed specifications supplementing the City of Rapid City Standard Specs
- Title Sheet
- Legend Sheet
- Estimate of Quantities
- General Note Sheets
- Property Control Drawings, Ownership, Right-of-Way, and Easement Layout Sheets
- Survey Control Sheet / Horizontal/Vertical and Alignment Data
- Project Sequencing and Phasing Schedule Notes
- Detailed Traffic Control Sheets
- SWPPP sheets with City Std. Notes Plus SDDANR requirements
- Erosion Control Plan Sheets
- Typical Sections
- Removal Plan Sheets
- Plan & Profile Sheets
- Curb and Gutter & Surfacing Sheets
- Permanent Signing Sheets
- Standard City and SD DOT (as needed) Details
- Special Project Details
- Cross Section Sheets

The total number and/or type of sheets may vary upon final design depending on final project requirements.

Provide project layout to include lot lines (front and side) and addresses of all properties (adjacent to construction, or alternatively, in service area).

Incorporate design features as necessary to meet the requirements outlined in the Project Design Report.

Meet with property owners to discuss locations of proposed water and sewer services. Additional survey data may be needed for some properties for verification of sewer service locations and elevations.

Provide a complete stormwater pollution prevention narrative which will include detailed erosion and sediment control measures and specifications. Provide a complete erosion and sediment control site plan which includes station and offset locations for each implemented measure. Include both temporary and permanent erosion and sediment control measures. Include an erosion and sediment control sequence of implementation and phasing schedule. Each erosion control item shall be bid separately.

Provide detailed traffic control plans showing all devices required for a MUTCD compliant plan. Show all streets and that may be impacted by this project. Show all existing signage, pavement markings, etc. All work zones, road closures, lane closures, and pavement marking removals shall be indicated on the plan. A detailed layout will be included for each phase of multi-phased projects. The traffic control sequence of implementation and phasing schedule shall coincide with erosion and sediment control sequence of implementation and phasing schedule. Each traffic control device shall be bid separately. The City will provide an electronic version of an aerial photo for

the selected consultant's use.

Provide project sequencing and phasing schedule which shall include such items as traffic control, erosion and sediment control, utility installations, paving, restoration, and construction milestones.

Provide detailed specifications supplementing the City of Rapid City Standard Specifications, as necessary. Project specific issues should be indicated as a General Note on the drawings. Material types and material specific items would be included as a detailed specification.

Provide complete plans and specifications for a unit price construction contract

Plans documents shall adhere to current City of Rapid City guidelines.

Staking information shall include either of the following formats:

On the Plans

- Station offsets for all items of work requiring field staking. in tabular form on a plan sheet (schedule)
- Coordinates and description of inter-visible control points.
- Coordinates of all items of work requiring field staking.
- Benchmark information shall be provided on each sheet.

2.6 The Consultant shall act as the City's Agent to complete the following tasks:

- Assist with easement(s) acquisition, and obtain property owner contact information
- Prepare easement exhibits as necessary
- Provide copies of current deeds of properties where easements are needed, conduct property owner meetings for easement and ROW acquisition, and document acquisition meetings.

The Consultant will meet with a representative(s) from the Wildwood HOA to discuss the future of the existing wooden street signs within the Wildwood Subdivision Area.

2.7 Submit 95% Design Documents for Final Review. Provide one (1) copy and a PDF version of the amended, if necessary, the Project Design Report. Provide one (1) copy and a PDF version of the Final Design Services submittal. The submittal shall consist of complete plans, specifications, contract documents, and opinion of probable construction cost to the City of Rapid City's project manager for review. The Final Design Services submittal will be made to the City when the consultant believes the plans, specifications, contract documents, and opinion of probable construction cost are 100% complete.

2.8 Address 100% final review submittal staff comments, as necessary.

2.9 Prepare all permits with exhibits the City will need to execute for the project.

2.10 Identify permits that will be required for the Contractor. Identify permit costs and indicate if any permit costs are paid for directly by the owner or if it is a Contractor cost. Typically, all permit costs are the Contractor's obligation except as indicated in the City's contract front end documents.

2.11 Prepare final "Engineer's Estimates" of probable construction cost for the project.

2.12 Deliver the following final submittals:

- Provide one (1) copy and a PDF version of bid documents including complete plans, specifications, and Engineer's Estimates of probable construction cost to the City of Rapid City's project manager for distribution.
- Provide complete plans on delivered electronically with AutoCAD Release 2011 or newer format.
- Provide all topographic, control, and design points in the .dwg file and in tabular format, both electronically and on hard copy printout.
- Provide complete specifications and contract documents on electronically in Microsoft Word.
- Provide a unit price cost estimate electronically in Microsoft Excel on the City of Rapid City "Engineer's Estimate" form. Provide Engineer's Estimate of probable construction costs as a component of this submittal.
- Provide all final design documents in PDF format electronically.

All submittals (drawings and specifications) believed by the Engineer of Record to be a final, shall contain a Certification Statement of Conformance with City Standards which shall read, "I (insert Engineer of Record's name) Certify that I have read and understand the provisions contained in the City of Rapid City Standard Specifications for Public Works Construction, current edition and the City of Rapid City's adopted Design Criteria Manuals. The drawings and specifications contained here within, to the best of my knowledge, were prepared in accordance with these documents or a properly executed exception to the Standard Specifications and/or Infrastructure Design Criteria Manual has been secured". This statement shall appear on the title sheet of the drawings and on the first page of specifications after the cover sheet. The "Certification Statement of Conformance with City Specifications" shall be signed and dated by the Engineer of Record.

2.13 The City will submit plans and specifications to the Department of Agriculture and Natural Resources for approval, and the Consultant shall address any comments or corrections required.

2.14 Reimbursables including, Printing, Supplies, Mileage, Expendables for Final Design.

TASK 3 – BIDDING SERVICES:

This task consists of all services necessary for the administration of the Bidding Services of the project and may include the following itemized services.

- 3.1 Submit sufficient information to the City of Rapid City project manager for completion of City Advertising Authority form.
- 3.2 Consultant shall proof print quality at printers before full production of copies are made.
- 3.3 Arrange and conduct a Pre-bid Conference. Record attendance and minutes. Distribute minute copies to only Consultant and City.
- 3.4 Prepare and issue addenda to the bid documents as required.
- 3.5 Review Bidder's Proposals and review and sign the City Engineering Services prepared Bid Tab and prepare an award recommendation letter to the City of Rapid City project manager.

- 3.6 Prepare “As Built” plans. A hard copy of “As Built” plans shall be submitted to the City in the same size and format as construction plans. The Consultant will provide PDF’s, and CAD files electronically. The digital submittal must be compatible with AutoCAD Civil 3D 2013, or newer, containing all files and data packaged in a format that will allow City personnel to seamlessly open “As Built” drawings. The Consultant will work with the City CAD technician to demonstrate the CAD file operation and compatibility with City CAD software, if necessary.

If the Consultant is hired for Tasks 4 and 5, “As Built” plans and specifications shall be provided thirty (30) days following project acceptance. However, if the Consultants is not hired for Tasks 4 and 5, “As Built” plans shall be provided thirty (30) days following the Consultants receipt of City/County markups/redlines. The Consultant will be paid for this work in advance, on the last invoice, but is required to complete the work at a later date per the contract, even if the Consultant has billed 100% of the Contract and the City has closed the Contract.

All “As Built” plans and specifications, believed by the Engineer of Record to be a final, shall contain a Certification Statement of Conformance, which shall read, “I (insert Engineer of Record’s name) Certify that the As Built drawings and specifications contained here within, to the best of my knowledge, represent the constructed project. This statement shall appear on the title sheet of the drawings and on the first page of specifications after the cover sheet. The “Certification Statement of Conformance” shall be signed and dated by the Engineer of Record.

SCHEDULE:

Final Review Submittal	November 2022
Final Plans, Specifications, and Contract Documents Complete	January 2022
Project Bid Opening Date	February 2023
Project 100% Construction Complete	November 2023

EXHIBIT B
FMG ENGINEERING
TASK SCHEDULE - ESTIMATED FEES
WILDWOOD DRIVE RECONSTRUCTION - PHASE 2
PROJECT NO. 19-2506 / 51003

TASK 2 - FINAL DESIGN SERVICES		
2.1.a	Address 100% Submittal Staff Comments as Necessary and Finalize Design Report	\$ 5,470.00
2.1.b	Provide Addenda to the Design Report as Necessary	\$ 1,390.00
2.2	Provide Detailed List of Potential Utility Conflicts	\$ 4,620.00
2.3	List of Private Utility Conflict Resolutions, Assiit PM with Notification	\$ 600.00
2.4	Obtain Design Exceptions for Infrastructure Design Criteria Manual Requirements	\$ 9,195.00
2.5	Provide Complete Plans and Specificaitons for Final Review	\$ 124,535.00
2.6	Permanent and/or Temporary Construction Easement Acquisition (26 owners)	\$ 60,840.00
2.7.a	Provide 1 Copy and PDF Version of Finalized Project Design Report with Addendum	\$ 780.00
2.7.b	Provide 1 Copy and PDF Version of Final Design Services Submittal	\$ 885.00
2.8	Address 100% Submittal Staff Comments as Necessary	\$ 23,400.00
2.9	Prepare Permits with Exhibits for City	\$ 1,190.00
2.10	Identify Permits Required for Contractor	\$ 390.00
2.11	Prepare Final Engineer's Estimate	\$ 5,880.00
2.12	Final Deliverables Submittal	\$ 3,455.00
2.13	Address DANR Comments	\$ 1,000.00
2.14	Reimbursables	\$ 600.00
TOTAL FOR TASK 2 - FINAL DESIGN SERVICES		\$ 244,230.00

TASK 3 - BIDDING SERVICES		
3.1	Submit Information for Advertising Authority	\$ 150.00
3.2	Proof Prints Before Production	\$ 240.00
3.3	Arrange and Conduct Pre-Bid Conference	\$ 660.00
3.4	Prepare and Issue Addenda	\$ 2,360.00
3.5	Review Bidder's Proposals and Review/Sign Engineering Services Prepared Bid Tab	\$ 150.00
3.6	Prepare As-Built Plans and Specifications	\$ 4,860.00
3.7	Reimbursables	\$ 50.00
TOTAL FOR TASK 3 - BIDDING SERVICES		\$ 8,470.00
		\$ 252,700.00

FMG ENGINEERING
2022 RATE SCHEDULE

<u>PERSONNEL</u>	<u>RATE</u>
Principal Engineer II	\$198.00/hr
Principal Engineer I	\$170.00/hr
Senior Engineer	\$150.00/hr
Engineer III – PE	\$130.00/hr
Engineer II – PE	\$120.00/hr
Engineer I – PE	\$115.00/hr
Geospatial Analyst	\$110.00/hr
Graduate Engineer II – EIT	\$105.00/hr
Graduate Engineer I – EIT	\$95.00/hr
CADD Technician II	\$100.00/hr
CADD Technician I	\$90.00/hr
Geologist - PG	\$95.00/hr
Environmental Scientist	\$90.00/hr
Land Surveyor - RLS	\$110.00/hr
Land Surveyor – LSIT	\$95.00/hr
Survey Technician II	\$90.00/hr
Survey Technician I	\$80.00/hr
Engineering Technician III	\$90.00/hr
Engineering Technician II	\$80.00/hr
Engineering Technician I	\$75.00/hr
Administrative	\$95.00/hr
 <u>VEHICLES & EXPENSES</u>	
Mobilization (Support Vehicle)	\$0.80/mile
Mobilization (Drill Rig)	\$2.50/mile
ATV/UTV	\$100/day
Miscellaneous Equipment Rentals, Reimbursables, and Travel	cost
