In response to question on hours of operation Dale Tech, Public Works Director, stated that these hours are between 6:00 a.m. and 9:00 p.m. for Public Works projects, but that residential construction hours might vary slightly.

In response to questions from Heikes on the appropriateness of the use in this location, Fisher confirmed that this location supports this use and noted the need for these uses and the design aspects that makes the structure pleasing.

Vidal moved, Quasney seconded and the Planning Commission approved the Initial Planned Development Overlay to allow mini warehousing with the following stipulations:

Acknowledge the previously approved Exception to grant a decorative iron fence or black chain link fence in lieu of decorative opaque screening material contingent upon a continuous landscaping screen comprised of coniferous trees along the property boundaries. *4. No. 22PD019 - Founders Park Subdivision
A request by Henriksen, Inc for Founders Park, LLC to consider an application for a Major Amendment to a Planned Development to allow an office building for Lot 1 of Founders Park Subdivision, located in Section 35, T2N, R7E, BHM, Rapid City, Pennington County, South Dakota, more generally described as being located at 243 Founders Park Drive.

Halonen presented the application and reviewed the associated slides noting the proposed building will be a one-story, 10,350 square feet, housing 3 office suites, located in the southwest section of the lot. Halonen stated that the applicant is requesting Exceptions to south side and rear yard setbacks and that staff supports these requests as this will not create a lighting or space issue since the adjacent property is open space. Staff recommends approval of the Major Amendment to a Planned Development to allow an office building with stipulations.

In response to questions from Ottenbacher regarding the construction in the floodplain, Halonen noted the applicant will need to obtain a Floodplain Permit.

Ottenbacher questioned why development is be promoted in this Founders Park
area, Fisher discussed that this is outside of the greenway tract but within the fringe of the floodway and with the proper permits and designs development is allowed in these areas.

In response to a question from Ottenbacher regarding continued use of parking being available for hikers, Pat Tlustos, stated there are 500 parking spaces and they only use 60 percent of this so they plan to continue to share parking with hikers using the Hanson Larsen Park.

Stuck questions on lot size and Cowboy Road and access issues, Tlustos spoke to this proposed development and other development in the area and the relationship with the Hansen Larsen Park and the use of Cowboy Road. Tlustos clarified that Cowboy Road is actually only an easement, not a developed road. Further discussion on the use and ownership of the road and surrounding parcels followed.

Discussion followed on the design and use of the land complementing the developer for their efforts.
