State University)

I would like to serve in
the indicated position(s)
because::

I would like to serve in this position because I feel that with my life, professional,
and career experience, I would be able to successfully promote and encourage
equity and respect in our community. Representation matters. As someone who is
an indigenous woman, and a first generation college student, my life experiences
have allowed me to gain a valuable perspective. Also, as a mother, I have a deep
passion for bettering our community so that our future generations can do less
healing and more living. Thank you for your consideration.
