**Agenda Title:**

Approve 1-year Plan Period for 2017 Vision Account Revenue

**Summary:**

Ordinance 6132, if approved, allows the Council to set the length of the Vision Account projects' plan. The Council has previously approved the appointment of a committee to review proposed projects. The Mayor requested opening up the process for one-half of the 2017 revenue allotted to the Vision Account. This approval would set the plan period at one year, and leave future years' revenue to the discretion of the Council.
