ADOPTION OF THE AGENDA

GENERAL PUBLIC COMMENT (3-minute time limit per speaker)

Julie Godbe spoke about the importance of maintaining City roads and making them safer for bicycle traffic. Child bicycle safety is also a concern that she feels the city should address so children will be safe and become more independent. She would also like the council to improve record keeping and sharing, specifically for road safety.

Dan Nicholas doesn't feel there is a race problem in the city, but there is a crime and addiction problem. He does not feel this gets the attention it needs. He has spoken with the police department numerous times; they are underfunded and need more support. If it is a mental health issue, funding needs to be found to get them help and off the street. He moved here from Denver due to these issues and feels Rapid City is currently worse than Denver.
