Re: Registration Policy

Motion: Move to approve updates to the Registration Policy as presented.

Background: City employees receive other benefits including reduced price recreation passes, discounted rates with Verizon, and reduced memberships at the Canyon Lake Activity Center and the YMCA.

The library would like to offer library accounts to current benefited city employees who reside outside of Pennington County. This would be in keeping with some of the other benefits received by city employees and is also a benefit offered by other public libraries. This would also address the library's Strategic Plan goal of enhancing accessibility to all library services for all library users. This benefit would also be in compliance with the contract with our primary eBook vendor.

Based on information from the Human Resources Department, approximately 168 of the city's benefited employees live outside of Pennington County; the impact to the library in offering this benefit will be minimal.
