From: Sean Minkel, Assistant Library Director
Re: Review – Technology Plan

Motion: Move to acknowledge review of the Technology Plan as presented.

Background: Per the South Dakota Public Library Standards for accreditation, all policies must be reviewed at least every three years. Our standard practice has been to review policies at least every two years to maintain currency.

The last formal review of the Technology Plan occurred on September 12, 2022. Library staff have reviewed this policy, and have determined that no update is required.
