Mayor read in item (No. LF091416-06) Acknowledge Invitation to RCPD Community Advisory Committee’s First Public Forum. Motion was made by Drew, second by Salamun to acknowledge invitation. In response to a question from Drew, Jegeris said on Tuesday, September 27, 2016 at 7:00 p.m. at the Rapid City Council Chambers, the Community Advisory Committee will have its first progress report. All citizens are invited to attend. They will share exciting details on the progress as a department and as a committee regarding improving race relations in Rapid City. They will have a second meeting on October 3, 2016 at 7:00 p.m. at Lakota Homes. Chief Jegeris said Mr. Vargas has a shared vision regarding his intentions to lessen the divide in our community. Mr. Vargas has taken a very logical approach and citizens will hear many examples of success during the progress report. Motion carried.

Mayor read in item (No. LF091416-03) Resolution No. 2016-067A a Resolution Fixing Time and Place for Hearing on Assessment Roll for Cleanup of Miscellaneous Property. Motion was made by Drew, second by Estes to approve. In response to a question from Drew, Barbier said that any property owner is welcome to contact him directly regarding their assessment. In response to a question from Roberts, Sumption said she was looking into the 9th Street property assessment and would get back with him. The assessment does stay with the property and is the responsibility of the property owner on record. The owners are sent certified letters that inform them of the public meeting. In response to a question from Nordstrom, Barbier said they do have a list compiled of vacant property. He said they become a headache because the City essentially becomes a property manager. Nordstrom clarified that the owner could always call code enforcement to get them know when they are available to take care of the problem and they will work with them.
RESOLUTION No. 2016-067A
RESOLUTION FIXING TIME AND PLACE FOR
HEARING ON ASSESSMENT ROLL FOR
CLEANUP OF MISCELLANEOUS PROPERTY

BE IT RESOLVED by the City Council of the City of Rapid City, South Dakota, as follows:

1. The Assessment Roll for Cleanup of Miscellaneous Property was filed in the Finance Office on the 19th day of September, 2016. The City Council shall meet at the City / School Administration Center in Rapid City, South Dakota, on the 17th day of October, 2016 at 6:30 P.M., this said date being not less than twenty (20) days from the filing of said assessment roll for hearing thereon.

2. The Finance Officer is authorized and directed to prepare a Notice stating the date of filing the assessment roll, the time, and place of hearing thereon; that the assessment roll will be open for public inspection at the Office of the Finance Officer, and referring to the assessment roll for further particulars.

3. The Finance Officer is further authorized and directed to publish notice in the official newspaper one week prior to the date set for hearing and to mail copy thereof, by first class mail, addressed to the owner or owners of any property to be assessed at his, her, or their last mailing address as shown by the records of the Director of Equalization, at least one week prior to the date set for hearing.

Mayor read in item (No. 16TP022) Approve the Transit Feasibility Study RFP. Motion was made by Drew, second by Nordstrom to approve. In response to a question from Drew, Tech said the City is hiring consultant part of stakeholder requirement in the Metropolitan Planning Area, and they will assemble a group of people for focus groups and have public input meetings as well. The consultant will reach out to NAU, WDTI, some places at EAFB, also large centers of activities, will be considered for routes. Drew hopes that free service for students extends to these areas as well. Nordstrom stated this was a pretty aggressive schedule. Tech said there will be much more discussion on how it’s funded. This is just the first step of the process in getting additional transit service. Nordstrom has been contacted from other agencies within the City. They want to be invited to the discussions. Motion carried 9-0.

Ordinances
Ordinance 6137 (No. LF083116-02a) An Ordinance Regarding Supplemental Appropriation #3 for 2016. Motion was made by Roberts, second by Laurenti that the title be read the second time. Upon vote being taken, the following voted AYE: Nordstrom, Drew, Salamun, Doyle, Estes, Laurenti, Wright, Modrick and
Roberts. NO: None: whereupon the Mayor declared the motion passed and Ordinance 6137 was declared duly passed upon its second reading.

Ordinance 6138 (No. LF091416-05) An Ordinance Amending the Code Enforcement Appeal Procedure by Repealing Chapter 8.01 of the Rapid City Municipal Code, Adopting Section 2.24.065 of the Rapid City Municipal Code, and Amending Sections 2.24.020, 8.16.050, 10.56.060, and 10.56.065 of the Rapid City Municipal Code. Motion was made by Roberts, second by Laurenti that Ordinance 6138 be placed on its first reading and the title was fully and distinctly read. In response to a question from Nordstrom, Landeen said appeals were rarely heard by the code enforcement board of appeals and that’s why it’s being eliminated and appeals are going directly to the Community Resources Director, with the option to appeal their decision to City Council.

Ordinance 6139 (No. PW083016-16) An Ordinance to Clarify Requirements for Installation of Sidewalks by Amending Chapter 12.08 of the Rapid City Municipal Code. Upon vote being taken, the following voted AYE: Nordstrom, Drew, Salamun, Doyle, Estes, Laurenti, Wright, Modrick and Roberts. NO: None: whereupon the Mayor declared the motion passed and Ordinance 6106 was declared duly passed upon its second reading.

**Public Works Committee Items**

Doyle read in item (No. PW091316-17) Discussion of future construction and improvements of Elm Avenue from its current southern terminus near Fieldview Drive for approximately 800 feet. She said she has been working with the developer on what potential options would be. In response to a question from Tech, he stated that he didn’t believe the LLC was going to upfront the money. They want the City to take it on. The applicant didn’t bring forward options, they just brought forward the problem. In response to a question from Estes, Tech said there are four options to assist with the base cost of constructing 800 feet of the street to collector street standards. The options are as follows: Create an assessed project for the street improvement which could require current home owners be responsible for the portion of the street improvement cost; Add the street improvement to the Capital Improvement Project list; Create a Tax Increment Finance District (TIF); or Use the Utilities Support Fund. Tech believes the best option is to bump a project out of CIP and insert this one in. Tech said the applicant is looking at putting in approximately 20+ lots. In response to a question from Salamun, Tech said the current homeowners will
not benefit from this road being completed. Salamun does not feel an assessment should be put on these homeowners, so he would like to take that option off the table. In response to a question from Nordstrom, Tech said the issue with this project is that there are base costs that the developers require to come up with, and then there is an oversize cost because Elm Ave is identified as an arterial road in the Major Street Plan. Tech said he believed the cost would be around $1.2 million dollars for the total cost of the project, of which, $400,000.00 is oversizing, and about $800,000.00 for a base cost. Tech said the City’s portion would be around $800,000.00. Nordstrom wants the option that is the least painful for the homeowners. He is not in favor of option one or three. In response to a question from Roberts, Tech said this project is for street, water, sewer, and drainage. Roberts agreed that the Council should not access the homeowners for a street that does them no good. The City should finance this because it’s the right thing to do. In response to a question from Wright, Tech said the $400,000.00 oversize cost is not funded yet. Wright agreed that options one and three should not be used. Nordstrom suggested that staff look at the CIP projects and see which ones can be postponed in order to get this one done sooner. Drew doesn’t believe there is urgency in get this project done. She thinks it should just go to the back of the line. Doyle stated that the WORP that was issued and has caused all of these problems was done by Council in 2005. Shortly after that the developer wanted to develop their property but the adjoining owner received the WORP so it wasn’t financially feasible for them to develop. Doyle said the owners have been trying to develop for 9-10 years. She said it’s the City’s responsibility to fix this. The developers have an expectation and the City has an obligation. She said the City created the problem and they do need to fix it. She agrees with looking at CIP for funding. Estes agrees that it’s the City’s obligation to fix and he doesn’t think the homeowners should have to be assessed the cost. He hates to see CIP be the sole source of funding. He would like to see the utility support fund used for the $400,000.00 oversize fee, then CIP, then a TIF last. He’d like to see a combination of financing, doesn’t believe it has to come from just one source. Motion was made by Laurenti, second by Wright, to direct staff to meet with developers to come back to Council with a recommendation for the financing that excludes a TIF and excludes assessing the property owners. Salamun offered a friendly amendment to first see what money is available in the utility support fund and then use CIP funds. In response to a question from Doyle, Tech said the utility support fund is a revolving fund, however, there have been projects used out of it that there will be no recapture from, so he doesn’t recommend using that because they will lose the revolving nature of the fund. Mayor stated the City is in this position because of a deal the City Council made with a developer 11 years ago. Now a developer wants to develop their land and they don’t want to pay for their share of the road plus the other developer’s share of the road. The other developer received a waiver of right to protest which has now been transferred on to 22 homeowners. So for $11,000.00 each homeowner can be assessed for a road they can’t use and didn’t ask for. The Mayor doesn’t support a TIF, he thinks that’s the easy way out. It would also give a small bump in property taxes to give the schools their fair share. He doesn’t think it’s unreasonable to look at undesignated cash for this. In response to a question from the Mayor, Tech said he could have funding sources by the first public works meeting in November. Motion carried 8-1, with Estes voting no, to bring funding sources to the November 1, 2016, Public Works Meeting.

**Legal & Finance Committee Items**

Roberts read in item (No. LF091416-09) Direction to staff regarding Master Development Agreement and all addendums thereto, including the Contract for Private Development for TID #73 with President’s Plaza L.L.C. Motion was made by Laurenti, second by Modrick to terminate all agreements regarding Master Development Agreement and all addendums thereto, including the Contract for Private Development for TID #73 with President’s Plaza LLC. Landeen said he received a letter from the President’s Plaza attorney saying they were frustrated because they did not feel that they were formally notified. However Landeen said the Mayor had prior conversations with the applicant before this meeting. The Council had taken action in October 2015 directing staff to work with the applicant, while the applicant was supposed to get a market analysis, which was never done. The applicant is asking that the item be continued in order to complete the market analysis. Laurenti said there have been several addendums and amendments and it’s time for the Council to move forward for the City. He believes the City will see development on this property. Wright will support the motion and hopes they do a better job of getting
something done on the next project. Nordstrom said he would reluctantly support the motion. He would like the City do a better job of building a better partnership. Nordstrom referenced his conference at the National League of Cities and the P3 process which is Public Private Partnerships. He wants to bring in a better P3 process the next time around. Salamun said he was really excited about this project when he first heard about it and it’s disappointing how it’s drug out. He will support the motion with the hopes that a new opportunity will come that we can get excited about and get behind and hopefully learn lessons from the past years and do it better the next time. Drew will support this as well. She was excited for apartments, shops and parking. It’s a valuable piece of real estate and it can be turned into some tax revenue for the City. Roberts said it’s been a long 11 year process. He hopes the project that comes after this doesn’t get as political as this project has been. He said there were some very good options and opportunities that came to the table but it was sabotaged a few times along the way. He hopes a project comes forward with a vision that was brought forward for this project because that is what we need in downtown Rapid City. Salamun said the Council is very open to something happening in that area and wants to make it very clear to the public. You have a motivated Council who wants to see development right in the heart of Rapid City so bring it. Motion carried 8-1 with Roberts voting no.
