RE: Exception to Section 7.40 of the Construction Specifications – Remove the requirement that the Contractor perform a minimum of 50% of the work

7150 Prestwick Road
Rapid City, South Dakota 57702

The Engineering Services Division requests authorization to revise Paragraph 7.40 of Section 7-General Conditions of the City of Rapid City Standard Specifications for the Red Rocks Booster Pump Station Upgrade Project, Project No. 14-2177/CIP #50812.B. The revised specification will remove the requirement that the Contractor perform a minimum of 50% of the work. Because the Red Rocks Booster Pump Upgrade project consists of multiple subcontractor disciplines and no one discipline will likely encompass 50% of the work, it may be difficult for the Contractors to meet the 50% requirement. Therefore, in order for them to bid, staff is requesting that this requirement be removed. City Staff believes it is in the best interest of the City to reduce the requirement.
