**NON-CONSENT ITEMS**

Leonard Bryant spoke in support of the Minneluzahan Senior Center. He said he’s been a member since 2003. He said the City acts like they don’t care about the members. They need help dealing with the problems at the center. He’s not sure work has been done on the center since the 1970’s. He said it’s the City’s building and the City needs to take care of it. He stated they will be putting buckets out this week for the leaking roof when the snow melts. He asked the City to help with the repairs.

Rita Wagner, Executive Director of the Minneluzahan Senior Center, addressed the Council. She said the center has been hit hard in the last 18 months. They have had two water heaters replaced, plumbing repairs, new connectivity, roof issues, air conditioning problems and it’s been one thing after another. She said the repairs have totaled over $11,000. She said their budget is $132,000 but not much room for repairs. She said the members are working with a 40 year old building and repairs are coming faster than they can budget for. She said they would appreciate help with the roof repair.

**Legal & Finance Committee Items**

Roberts read in item (No. LF111616-10) – Discussion on Revised 2016 City Council Mission and Vision Statement. Motion was made by Wright, second by Laurenti to approve the Revised 2016 City Council Mission and Vision statement. Motion passed 8-0.
Roberts read in item (No. LF113016-10) Approve Resolution No. 2016-096 – A Resolution Adopting a Conflict of Interest Policy for Elected and Appointed Officials. Landeen said this resolution is still not in final format. He asked that the item be continued to the first Legal and Finance meeting in January. Motion was made by Wright, second by Laurenti to continue to the January 11, 2017 Legal and Finance meeting. Motion passed 8-0.

Roberts read in item (No. LF121416-03) Human Services Subsidy Fund Allocations. In response to a question from Roberts, Barb Garcia (Community Development Director) said she is not on the Board, she only presents the cases to the Board. She said there is only $102,000 to allocate and 31 applicants asked for a total of $501,000. She said someone will have to get cut. She said the allocations are based on how the agencies handle money, how they handle reporting, how stable the agency is, along with other factors. She stated they have changed how they allocate money in the last two years. It used to be that all applicants received a small amount of money. But the board determined small amounts are not enough for the agencies to do anything. Now they give out more money to less agencies so there is a high impact. Roberts said the Front Porch Coalition helped him personally and he was sad to see it not get any funding. Garcia said they received $3000 in 2016 and requested $15,000 for 2017. Wright asked the community to donate to them in order to help sustain their agency. Motion was made by Nordstrom, second by Salamun to approve the Human Services Subsidy Fund Allocation as recommended by the Board. Nordstrom feels the Front Porch Coalition is a good agency, but would like to see them help themselves more. In response to a question from Drew, Garcia said she wasn’t aware of any other group doing suicide prevention work. Drew suggested people needing help could go to their church. In response to a question from Drew, Mayor Allender said that Front Porch provides support to the surviving family members who have loss someone due to suicide. He said other sources are the Suicide Prevention hotline and various providers in the mental health network city wide. He said he would not say it was not chosen for funding based on collective impact. Roberts said the Front Porch has a phenomenal LOSS team. They help console families and help put them on the path of getting back to normal. He believes this program is needed, without it families fall on drinking, drugs, they get divorced and these people are the support of the people that are hurting. Nordstrom said 211 does counseling as well. Estes said he was on the human services subsidy committee and it was a hard decision for the subsidy committee to narrow down agencies from 31 applicants. He said there are way more social needs than money and he feels bad they can’t help everyone. Motion passed 8-0.

CIP Committee Items
Nordstrom read in item (No. CIP111816-00) Capital Improvement Program Committee Monthly Update for November 2016 (Acknowledged at the December 5, 2016 City Council meeting and forwarded to the December 13, 2016 Public Works meeting and December 14, 2016 Legal & Finance meeting.) Motion was made by Wright, second by Laurenti to approve. Motion passed 8-0.

Nordstrom read in item (No. CIP121616-08) Approve Cooling System for Server Room in CSAC Building. Motion was made by Nordstrom, second by Wright to approve taking $30,000 from CSAC operation budgets if available, if it’s not available then take it from CIP Contingency. Mayor said this is a great example of how a need for a cooling system for a server room with a very old cooling system goes out and creates an emergency. He said it’s estimated that the cooling system is 25 years old. He said that many years ago, there weren’t the amount of servers needed as there are today. He stated these large dollar items should be placed on a replacement schedule that will keep the City out of an emergency situation. Mayor asked for clarification on the motion. Sumption stated at CIP Committee she was asked to look at CSAC operating budget to see if there were any funds available for use. She said she verified that there is no money available there. Therefore, the funds need to come from CIP Contingency. Substitute motion was made by Nordstrom, second by Estes to approve using $30,000 from CIP Contingency fund. Wright clarified that his original motion was to use CSAC operational budget and if the funds weren’t available then to use CIP Contingency. Drew clarified the cost is shared by the school and the City’s portion was $30,000 and she wanted the public to understand that. In response to
a question from Laurenti, Sumption said there is currently a little over $60,000 in CIP Contingency. Motion passed 8-0.

**Other Board, Commission & Committee Items**

Mayor read in item (PW11291-13) Discussion on Minneluzahan Senior Center Roof Repair. Wright called on April Malik. She addressed the Council and said she ran the kitchen at the Minneluzahan. She said she has ideas of providing additional income to the center through the kitchen. She said they could do cooking classes and intergenerational activities. She asked the City to help take care of the building. Roberts said since he’s on the Minneluzahan board that they will likely renegotiate the lease since its 40 years old. He thinks the lease is unclear on how it reads now. He said they will likely do a minor fix to fix the roof right now. He is extremely concerned about the building since it’s had a lot of use over the last 40 years. He stated 700 people use it and other groups use it too. He said they are always looking at new ways to generate revenue. He doesn’t think they should raise dues. Motion was made by Nordstrom, second by Laurenti to acknowledge the discussion. Nordstrom said that the Journey offered $10,000 from their CIP budget but the dollar amount did not qualify. He said he has not seen an annual report from the Minneluzahan or a strategic plan. He said it’s a good start to address the lease agreement. In response to a question from Drew, Garcia said that the Community Development Block Grant funding has given Canyon Lake Senior Center a total for $216,209 in the last 20-years and Minneluzahan has received $278,642 in the last 20-years. She said in human services funds, they have both received the same amounts for a number of years for operating costs. In response to a question from Drew, Garcia said that Minneluzahan had not applied for CDBG funds in 2015 and 2016. They have applied for funds in 2017. In response to a question from Drew, Rita Wagner said she started working at the Minneluzahan about two years ago. She said she was not aware there was a roof issue two years ago. She said she became aware of the issue within the last year. Drew said she thinks the roof can be fixed with funds from Minneluzahan or donations from the public. Drew said they are moving in the right direction and they should consider increasing their dues. Mayor said he wasn’t sure why the item was on the agenda with no funding request. He feels the roof issue has been used as a way to pit the center against the City. He said the reports show the City has contributed $700,000 to the Minneluzahan. He said the City Engineer and inspectors have inspected the roof and they say it has 10 years of life left. He stated the highest of the repair estimates is $3000. He said there is a contract for use of the building, which is 40 years old and should probably be reviewed, but it clearly states the maintenance including the exterior of the building is the responsibility of the center. He stated he was not saying anything poorly about the Minneluzahan. He said he sent a letter to Rita Wagner in November acknowledging the roof repair issue. He asked that they take care of the roof repair or notify him as to the reason for not taking action to repair the roof. He said he did not get any response from her. He said it was an unfortunate way for this to all come up. He said it probably could have been handled better. Motion passed 8-0.
