

Sarah HANZEL -

In regards to annexation of Big Sky Subdiv. we are hoping we do get annexed.

We live on Ave A + in winter especially we are a forgotten street. NO snow plowing or salting roads. Sure no one knows or cares but our street is used as a direct route to the Schl. Cars + busses come + go 7:30 - 8 AM + 3-3:30 continually. With NO snow removal or sanding some times is a little dangerous.

We are in need of street lights + more police presence as we have groups of kids that roam streets + do damage especially summer.

We have a lot of on street parking that hinders drivers coming up + going down Ave A. There is a pop up camper parked in street that hinders visibility for drivers + they also block mail boxes for delivery.

Our question is also city doesn't claim us nor does county do anything for us or streets - where have our taxes gone that we pay annually on our house? Maybe we should get a refund on those !! Think about it
