LOT LINE ADJUSTMENT OR CONSOLIDATION PLAT

The Filing Fee for a Lot Line Adjustment or Consolidation Plat is \$250.00 PLUS \$20.00 per lot created

Description: Consolidation Plats are used to consolidate two or more lots. Lot Line Adjustment Plats involve the relocation of lot lines between no more than five (5) lots.

NOTE: *City policy requires that land adjacent to the City for which platting is requested be annexed into the City limits prior to Plat submittal.*

Materials and actions required of the Petitioner:

1. The prospective applicant meets with Department of Community Development and Engineering Division staff to discuss the Lot Line Adjustment or Consolidation Plat.
2. The petitioner submits a complete application and fees for the plat.
3. A signed mylar and seven (7) copies of the plat shall be submitted.

(NOTE: Property taxes, through year end, must be paid prior to the Treasurer's Office signing the mylar.)

4. One 8 1/2" x 11" copy of proposed plat.
5. A Vicinity Map
6. Site Plan (to scale)
7. If any alteration to any utility easement is requested, documentation from all affected utility companies shall be provided stating that they do not object to the alteration.

Procedure:

1. Upon receipt of the required application and supporting information, Department of Community Development staff will route the information to all affected Departments and agencies.
2. Within thirteen (13) working days, the City shall either approve or deny the Lot Line Adjustment or Consolidation Plat application unless the application is suspended to allow the applicant to address any required corrections.
3. The approved plat is filed with the Pennington County Register of Deeds.
4. A letter is sent to the petitioner regarding the application.

Suspended Timelines: If the Director determines that the application for the Lot Line Adjustment or Consolidation Plat does not contain the specified and required information, the review timeline shall be suspended and the owner and/or designated agent shall be notified of the deficiency. When complete and sufficient information is provided by the owner and/or designated agent, the review timeline shall be re-engaged, with an additional three (3) working days added to the remaining balance of the review timeline. Applications suspended for more than 90 consecutive days shall be denied by the Director. Applicants may appeal to the City Council for extensions, providing that the appeal is heard within 90 days of the suspension.

**LOT LINE
 ADJUSTMENT OR
 CONSOLIDATION
 PLAT CHECKLIST**

χ	APPLICANT	STAFF	χ
	Completed Application, signed by the property owner(s) or their authorized designee		
	Vicinity Map		
	Fees Paid		
SUBMITTALS MUST INCLUDE THE FOLLOWING INFORMATION			
	A site plan (to scale)		
	A structural location survey if any structures are located on the property		
	Signed Mylar (Plat Document) including lot configurations, areas and easement locations		
	Topography with contour intervals of not more than five feet		
	Documentation from all affected utility companies indicating concurrence with the plat if any alteration to any utility easement is requested.		
	One 8 ½ inch by 11 inch copy of the plat (with signatures)		
	A minimum of seven (7) large copies of the plat (with signatures). Additional copies may be required as determined by the Director.		

APPLICANT SIGNATURE	DATE:	STAFF SIGNATURE	DATE:

A Final, Minor, and Lot Line Adjustment or Consolidation Plat document (mylar) shall be prepared and property monumentation shall be established in accordance with SDCL requirements. **Plat documents shall contain the following information:**

1. The plat title shall identify the proposed lots or tracts, the designation of blocks (as applicable), the name of the subdivision, and the dedication of right-of-way (as applicable). If the originating or parent parcels were previously platted, the parent parcels shall also be identified. The location of any section, township, range, meridian, municipality (as applicable) and county shall be identified.
2. The plat shall contain a numeric scale, graphic scale, north arrow, and basis of bearings.
3. The plat shall be prepared at a scale that allows for the depiction of all information in a clear and legible fashion.
4. The plat shall contain a "Prepared By" statement indicating the individual or company responsible for preparation of the plat document, their mailing address and phone number.
5. The plat document shall identify and label each lot, or tract, and the block designation (as applicable). Each lot or tract shall contain an acreage and/or square footage.
6. The plat document shall identify the boundary lines of each of the platted parcels or lots within the subdivision and shall include the geometric information for all lots, areas of dedication and easements including: bearing and distance, and curve information including delta, radius arc length, chord bearing and chord distance. All dimensions shall be shown in feet and hundredths.
7. The plat document shall identify the name and location of adjoining streets and rights-of-ways. Areas dedicated as public right-of-way on the plat document shall be labeled and the area (square footage) of such dedication shall be stated.
8. The plat document shall label the adjoining platted lots and blocks or unplatted parcels of land.
9. Areas of existing easement shall be identified (graphically or by note) and the recording information of those documents shall be provided. Areas and designation of proposed easements established by the plat shall be indicated by general note, or geometrically related to the subject lot lines. Easements that traverse across more than one lot shall be geometrically related or tied to the lot lines crossed.
10. The location and nature (size, material and identifying registration numbers) of all property monuments found or established shall be shown.
11. Certifications shall be provided in accordance with SDCL and Rapid City Municipal Code.
