Re: Request Authorization to Negotiate Professional Consultant Services with FMG, Inc. for West Memorial Park Improvements Proj #2246 CIP #51083

The City of Rapid City is preparing to make improvements to West Memorial Park, including bike and sidewalk, storm water, irrigation and landscaping. The total budget for the project is approximately \$1,000,000.

The City is requesting authorization to negotiate a Professional Consultant Services Contract with FMG Inc. for this project. FMG provided consulting services for the masterplan and grant application for this project and is involved in adjacent overlapping projects with the South Dakota DOT. They are familiar with the project and can expedite the design of this improvement.

Rodney K. Johnson, P.E.
