Public Works Committee/Common Council

RE: Request Authorization to Seek Proposals for Engineering Services for
Sheridan Lake Road Traffic Study, Project # 17-2373 / CIP # 51122

Staff proposes to hire a Consultant to complete a traffic study for the Sheridan Lake Road corridor from Alberta Drive to Corral Drive. The traffic study will include data gathering and traffic modeling to analyze existing and future conditions (2040). The Consultant will evaluate and provide recommendations for improvements such as roadway widening and intersection improvements.

The project was included in the 5-year CIP plan in May, 2016. Funding is by CIP-Streets funds. Estimated cost is \$150,000.

Dale Tech, PE
City Engineer
