

# Downtown shopping

I have tried to do business on St. Joe and Main and other places in the area. It takes time for some of those things and to shop around. Some folks don't seem to understand the true public concern.

No one has ever mentioned the \$2 fine for parking over two hours. That's a secret no more! It's definitely \$2 each time, folks. I have tried several places, plenty of spaces, now I know the equation: "Sucker equals \$2 pronto!" I'm a slow learner, but beautification has no place as it is. Even Abe left.

Fair treatment is the answer.

Goodbye, St. Joe and Main, all the rest from east to west.
