Memo to: Karl Jegeris, Chief of Police

From: Dave Kinser

Subject: 2017 Community Policing Development (CPD) Grant – Department of Justice

It is the intention of the Rapid City Police Department to partner with Western Dakota Technical Institute (WDT), to apply for the 2017 Community Policing Development (CPD) grant. The CPD grant allows an opportunity to support the Native American recruitment initiative created by the RCPD Community Advisory Committee (CAC). The CPD grant does not require a financial commitment from Rapid City or WDT, and is exclusively funded through the U.S. Department of Justice.

The maximum funding amount for the grant is \$75,000. If monies are awarded it will be utilized to pay the salary and benefits of a counselor position at WDT for one year, to support Native American law enforcement recruitment.

Should you have concerns regarding this matter you can contact me at your convenience. I am requesting your approval to apply for this grant opportunity, and to accept the grant if awarded.

Sincerely,

David Kinser
