a. The State may allow an increase in the cost estimate when a change in construction plans is authorized by an approved Change Order issued by the State before such work is begun.

b. The State may allow a minor increase in the estimated cost eligible for reimbursement after completion of the work when such increase is adequately supported by detailed billing and sufficient explanation. A final Change Order, when approved, will place the increase in line for audit and payment.

13. The City will indemnify the State, its officers, agents, and employees against any and all actions, suits, damages, liability, or other proceedings that may arise as the result of performing services under this Agreement. This section does not require the City to be responsible for or defend against claims or damages arising solely from acts or omissions of the State, its officers, agents, or employees.
