---BEGINNING OF REGULAR AGENDA ITEMS---

*6. No. 18PD005 - Eastbrooke Subdivision

A request by KTM Design Solutions, Inc for Moller's Limited Partnership to consider an application for a **Planned Development Revocation** for a portion of Lot 3, Eastbrooke Subdivision, Section 31, T2N, R8E, and Section 6, T1N, R8E, BHM Rapid City, Pennington County, South Dakota, more fully described as follows: commencing at the southwesterly corner of Lot 3, Eastbrooke Subdivision, all located in the SE ¼ of the SW ¼ of Section 31, T2N, R8E, & in the NE ¼ of the NW ¼ of Section 6, T1N, R8E, BHM, Rapid City, Pennington County, South Dakota; then N 00°04'34" E, a distance of 201.96' to the point of

beginning; Thence, first course: S 89°58'33" E a distance of 450.73'; Thence, second course: N 00°10'47" W a distance of 82.09'; Thence, third course: N 89°56'24" W a distance of 450.38'; Thence, fourth course: S 00°03'12" W a distance of 82.36', to the said point of beginning, more generally described as being located northwest of the intersection of Omaha Street and LaCrosse Street.

Fisher presented the application and reviewed the associated slides noting that the Planned Development on the southernmost portion of the property included in the original Planned Development which had encompassed the corner lot had been removed in 2015 (17PD032) and that the proposed development and platting of this property is better suited by the removal of the Planned Development. Fisher stated that staff recommends that the Planned Development Revocation be approved.

Hoogestraat moved, Caesar seconded and the Planning Commission approved the request to revoke the Planned Development Designation on a portion of the property. (9 to 0 with Braun, Caesar, Gollither, Herr, Hoogestraat, Quasney, Vangraefschepe and Vidal voting yes and none voting no)

The Rapid City Planning Commission's action on this item is final unless any party appeals that decision to the Rapid City Council. All appeals must be submitted in writing to the Department of Community Planning & Development Services by close of business on the seventh full calendar day following action by the Planning Commission.

*7. No. 18PD006 - Gemstone Subdivision

A request by Scott and Laura Schirber to consider an application for a **Major Amendment to a Planned Development to allow a 6 feet fence 4 feet from property line in second front yard** for Lot 7 of Block 1 of Gemstone Subdivision, located in Section 19, T1N, R8E, BHM, Rapid City, Pennington County, South Dakota, more generally described as being located at 323 E. Enchanted Pines Drive.

Lacock presented the application and reviewed the associated slides noting that the property has two property lines that abut streets. Lacock stated that a four foot high fence is allowed along a property line, but in a second front yard a fence with the height of six feet must be set back 10 feet from the property line unless a Variance or Major Amendment to Planned Development is approved. Lacock noted that the fence has already been constructed within the second front yard four feet from the property line. Public Works Department has reviewed the fence and the surrounding property and has noted that the fence could potentially be in the site triangle of an undeveloped property to the south if the driveway is constructed on the north side of the property but not if the driveway is constructed on the opposite side. Lacock stated that staff recommends that the applicant work with the Public Works Department to ensure that the fence does not interfere with the site triangle by either removing the fence from the site triangle or lowering the height of the fence in that area.

Staff recommends that the Major Amendment to a Planned Development to allow a 6 foot high fence 4 feet from property line in the second front yard be approved with stipulations.

In response to Vangraefschepe, as to the requirement to work with Public Work, Fisher clarified that the applicant would have to coordinate with Public Works Department to ensure that the fence does not encroach in the site triangles by either, lowering, moving or removing the fence.

In response to a question from Quesnay on what would trigger the correction to the fence on the southern end of the property, Fisher clarified staff anticipates it will be addressed prior to the development of the neighboring property. Quesnay stated that he feels that allowing the fence to remain would be setting a precedent.

In response to questions from Herr, Fisher clarified that there are no requirements to show fences or lighting for residential construction in a Planned Development, that fences not higher than six feet in height do not require a building permit and that the City does not have authority over private covenants. Fisher then reviewed what options were available for the Planning Commission.

Vangraefschepe asked if it could be defined whether the applicant was aware of the setback requirements prior to construction and stated that he would like to have the corrective actions and anticipated timelines defined now and not left for future consideration.

Lacock clarified that this application is associated to an active Code Enforcement case and in order for that case to close the applicant must take corrective action on the fence.

Orville Davis, 505 Catron Boulevard and developer of the property discussed the development of property noting that there are covenants and requests that the request be denied and the fence be moved.

Chino Caekaert, 303 E. Enchanted Pines, spoke to his concerns regarding the site triangle and associated safety issues and asks that the request be denied. Caekaert stated he was the builder of the residence and that he had informed applicants of the setback requirements.

Dean Flage, 330 Topaz Lane, spoke to his concern regarding the fence stating that it creates snow issues for his property.

Hoogestraat noted that the site triangle needs to be addressed and moved to continue the item to the April 5, 2018 Planning Commission Meeting to allow the applicants to provide written correction, Vidal seconded.

Cushman reviewed the Code Enforcement procedures.

Scott Schirber, property owner, stated that they were not aware of the setbacks

at the time they constructed the fence as they were in litigation with Chino Caekart at that time so there was no discussion with him.

Herr moved to deny the request, Gollither seconded, motion failed 4 – 4.

Planning Commission continued the Major Amendment to a Planned Development to allow a 6 foot fence, 4 feet from property line in second front yard to the April 5, 2018 Planning Commission Meeting. (7 to 2 with Braun, Caesar, Hoogestraat, Quasney, Vangraefschepe and Vidal voting yes and Herr and Gollither voting no)
